OUR MOST POPULAR PROGRAM

ADVANCED Laser Beauty Pro™

POWERED BY THE LUXEQUITY™ FRAMEWORK

All 13 modalities, hands-on, for melanin-rich skin and every skin tone

PROGRAM OVERVIEW

Taught under Luxury Aesthetics Institute's Arizona Department of Health Services license (No. CLS-3611), Advanced Laser Beauty Pro is our broadest credential: every one of our 13 laser and RF modalities, trained hands-on through online coursework plus 8 days across 2 weeks, and a 20-hour internship / post-education practicum. Led by Latoya Beverly, Director of Education, and Kira Chantel, Executive Clinical Instructor.

WHERE IT PREPARES YOU TO PRACTICE

Participants are prepared to practice in **clinical settings, medical spas, dermatology practices, OB/GYN and women's health offices**, and more, and to build their own practice. It is the broadest hands-on credential we offer, and the one our participants choose most.
