Be the Person Who Keeps Everything Moving

Operations Generalist

Swift-Net.ca – Lloydminster, AB/SK Region

Some people prefer doing the same thing every day.

Others enjoy solving problems, learning new skills, and jumping in wherever they're needed.

If you're the type of person who enjoys variety, takes pride in fixing things, isn't afraid of heights, and likes being part of a team that depends on one another, we want to meet you.

Swift-Net.ca is a rapidly growing regional Internet Service Provider delivering reliable, high-speed internet throughout rural Alberta and Saskatchewan. As we continue to expand, we're looking for an **Operations Generalist**—someone who enjoys wearing many hats and helping keep our people, equipment, and infrastructure operating at their best.

No two days are the same.

One morning you may be climbing a communications tower assisting with infrastructure upgrades. By afternoon you could be organizing warehouse inventory, repairing equipment, assisting with customer installations, or maintaining company facilities.

If you enjoy variety and take pride in being the person everyone can count on, this position is for you.

Why Join Swift-Net?

- ✓ Competitive hourly wage based on experience
 - ✓ Company vehicle provided for work activities
 - ✓ Paid training and industry certifications
 - ✓ Tower Safety, Fall Protection & Equipment Training
 - ✓ Comprehensive benefits package
 - ✓ Opportunities for advancement as our company continues to grow
 - ✓ Supportive, team-first culture where every role matters
-

What You'll Do

- Assist with wireless tower construction, maintenance, inspections and upgrades
 - Provide backup support for residential and commercial internet installations
 - Assist technicians during complex field projects
 - Receive, organize and maintain warehouse inventory
 - Track equipment, tools and material inventory
 - Prepare equipment for field deployments
 - Maintain fleet vehicles, trailers, tools and equipment
 - Perform building and property maintenance including seasonal upkeep
 - Coordinate deliveries, pickups and logistics as required
 - Support emergency repairs and network restoration when required
 - Identify opportunities to improve efficiency and organization throughout operations
 - Jump in wherever needed to help the team succeed
-

What You Bring

- Strong mechanical aptitude and the ability to work with tools safely
 - Experience with maintenance, construction, agriculture, mechanical trades or similar hands-on environments
 - Comfortable working safely at heights, including ladders, rooftops, man lifts and communications towers (training provided)
 - Physically capable of lifting equipment and working outdoors in all weather conditions
 - Strong organizational skills with attention to detail
 - Ability to adapt quickly as priorities change throughout the day
 - Positive attitude and willingness to help wherever needed
 - Able to work independently while remaining a strong team player
 - Basic computer skills
 - Valid Class 5 Driver's Licence (Class 1 or 3 considered an asset)
 - Equipment operation, welding, electrical or telecommunications experience would all be considered assets
-

You'll Be Successful If You...

- Like staying busy and don't enjoy sitting behind a desk all day.
 - Take pride in fixing problems before someone asks.
 - Enjoy learning new skills and tackling new challenges.
 - Can shift priorities without becoming frustrated.
 - Value teamwork and understand everyone pitches in.
 - Want to build a long-term career with a growing company.
-

This Position Is Ideal For Someone With Experience In

- Maintenance Technician
 - Heavy Equipment or Agricultural Operations
 - Construction
 - Telecommunications
 - Electrical Helper
 - Millwright or Mechanical Trades
 - General Labour with Mechanical Experience
