THE PRODUCT

Live TV for \$39.95 a month. No contract, no credit check.

AccuView TV is a live TV streaming service that has been streaming since 2018. Members get **15,000+ stations** for **\$39.95/month**, with **no credit check** and **no contracts**. It's available in the **United States only**.

It runs as an app on a streaming device. The recommended device for new customers is an **onn Google TV**. Compatible older Fire TV Sticks work too, and there are options for Android phones and tablets and for iPhone, iPad and Apple TV (setup is on page 6).

Customers sign up at **buyaccuviewtv.com**.

Why it's easy to share

- **Everybody has a TV bill.** You're not pitching something new. You're showing people a different way to pay for something they already buy.
- **Nobody's locked in.** With no contracts, people stay because they want to.
- **The price is simple.** \$39.95/month is easy to say and easy to remember.

Member perk: AccuView Member Benefits

Active AccuView members also get **AccuView Member Benefits** (accuviewmemberbenefits.com). It's a national savings platform, established in 2001, with member discounts on:

hotels · restaurants · theme parks · movie and sports tickets · travel · shopping · gift cards

Discounts and availability vary by offer and location. Savings aren't guaranteed. Share it as a nice extra, not as a dollar amount anyone will save.

What to say (and not say)

Do say

- "15,000+ stations"
- "\$39.95 a month"
- "No credit check, no contracts"
- "United States only"

Don't say

- "IPTV" or "free channels"
- Network or league brand names
- Anything about how much you or they will earn
- That you're a "licensed dealer"

STRAIGHT FROM THE OFFICIAL ACCUVIEW TV COMPENSATION PLAN

Three levels. Paid on active subscribers.

Everything on this page comes from AccuView's official rewards chart ([accuviewtv_rewards.pdf](#)). If anything here ever differs from the current official plan, the official plan wins.

Level	Per active subscriber	Who it is
Level 1	\$10	People you personally refer (your "PS," or Personal Sale)
Level 2	\$2	People referred by your Level 1 affiliates
Level 3	\$3	People referred by your Level 2 affiliates

Fast Start Bonus (customer acquisition rewards)

- Each time you personally refer a new subscriber who buys a Basic Monthly Subscription (\$39.95 minimum), you earn a **\$10 Fast Start Bonus, as long as you're Active**. There's no limit on how many personal referrals you can make.
- Fast Starts pay 3 levels on the **initial** enrollment: \$10 / \$2 / \$3. **Fast Starts are paid weekly**.

Unilevel Residual Bonus (paid weekly)

- From the **2nd month**, the \$10 / \$2 / \$3 is paid weekly as a **Unilevel Residual Bonus** for subscription renewals, for each month the subscriber stays Active.
- Residual commissions are paid on subscription renewals in the month after the enrollment month.

Staying "Active" (eligibility)

To be Active, a Subscriber/Affiliate must buy at least a **Basic Monthly Subscription of \$39.95** within the commission period. In other words, you need to be a paying AccuView member yourself to earn.

Leadership ranks

The plan also has leadership ranks (Bronze, Silver, Gold, Platinum and up) based on active personal referrals and total active subscribers. Higher ranks carry one-time Rank Advancement bonuses and, at very large team sizes, a monthly Difference Maker Bonus. Qualifications and amounts are on the official chart. Ask me and I'll walk you through it. Most people start with Level 1 and just share with people they know.

AccuView's income disclaimer (from the official plan): "The AccuViewTV Affiliate Rewards plan is optional and is not a solicitation to participate. Any reference to potential income is not a guarantee and any income earned is based on the Subscriber/Affiliate's effort, skills and hard work."

Results vary. No income guaranteed.

THE SIMPLE VERSION

Share your link. Help them get set up. Stay active.

- 1 You get a personal referral link.** After you register as an affiliate, AccuView emails you a link that ends with your username ID number (setup on page 6).
- 2 You share it** with friends, family, neighbors, coworkers, anyone tired of a big TV bill. Use the scripts on page 5.
- 3 They sign up through your link** at \$39.95/month. Always use your own link so the subscriber is credited to you.
- 4 You help them get watching.** Send them the setup steps (page 6). A quick, friendly setup is the best way to keep a customer happy.
- 5 Commissions follow active subscribers.** As long as they stay active and you stay active, the plan's Level 1 commission applies each month. If a subscriber cancels, the commission on that subscriber stops.

What "Share with 4 & it's free" really means

Under the official plan, Level 1 pays \$10 a month for each **active, paid** personal referral. So when **4 of your referrals stay active paid subscribers**, you get a **commission check that offsets your \$39.95 monthly fee**.

It is not a fee waiver. Your own subscription is still billed as usual, and the check is paid separately on AccuView's schedule. If a referral cancels, the offset goes down. AccuView terms apply.

Tips that keep it simple

- **Start with your warm list.** Write down 20 people you'd actually text. Start there.
- **Lead with the bill, not the business.** Most people want to hear about saving on TV first.
- **Be upfront.** If someone asks, tell them you're an independent AccuView affiliate and earn a referral commission.
- **Mention it's U.S. only** so nobody outside the country signs up by mistake.
- **Stay in touch.** A check-in text a week after setup goes a long way.
