FACULTY APPRECIATION

What We Want to See Repeated

Notice something a colleague did today that made your school day a little better? Make that moment visible.

1. **Grab a slip** and write down *specifically* what you noticed.
2. **Share how it helped** or why that moment mattered to you.
3. **Drop it in their mailbox** or hand it to them directly.

EXAMPLES TO INSPIRE YOU

> *“You checked on me after that difficult conference. I appreciated having someone to talk with.”*

> *“You invited our new teacher to sit with you and made it easier for her to join in.”*

> *“You always seem to find something useful to share. That idea saved me time today.”*

Small moments build a stronger school.
