The Vision

Why This App Exists

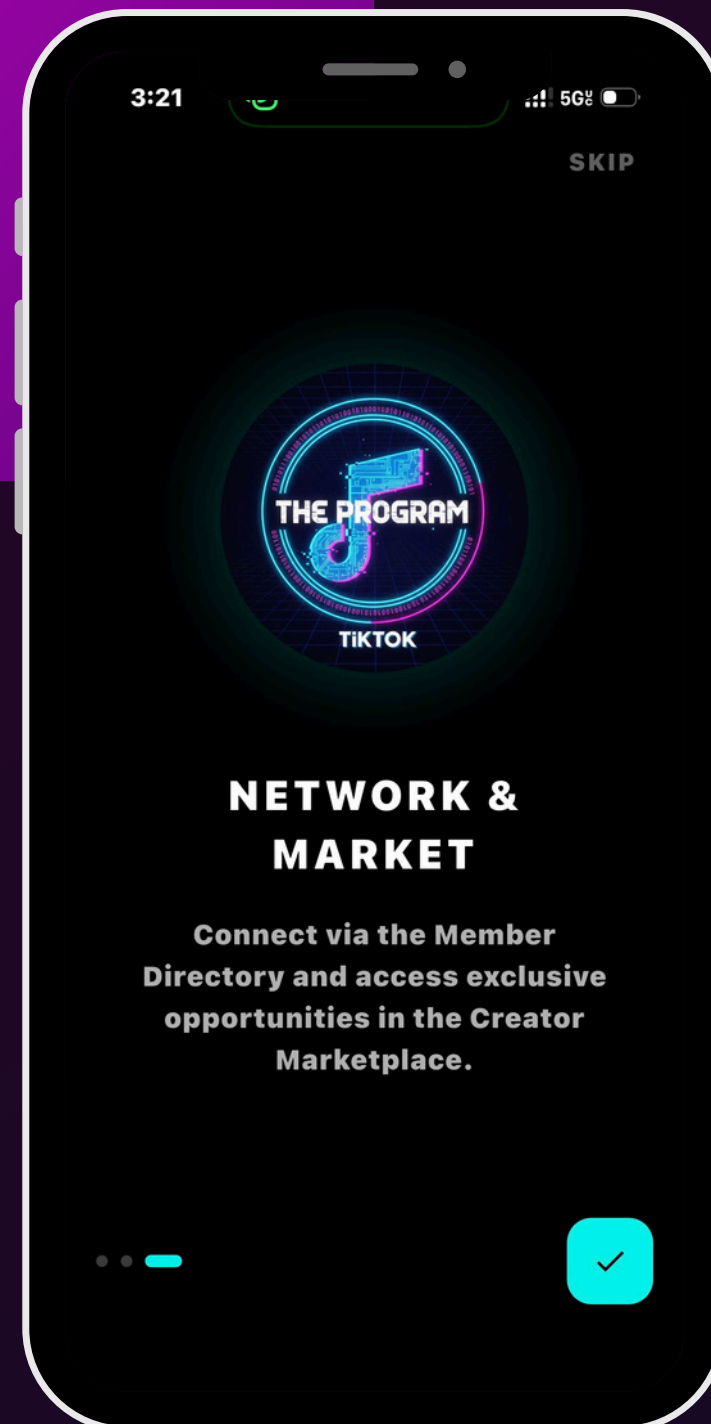

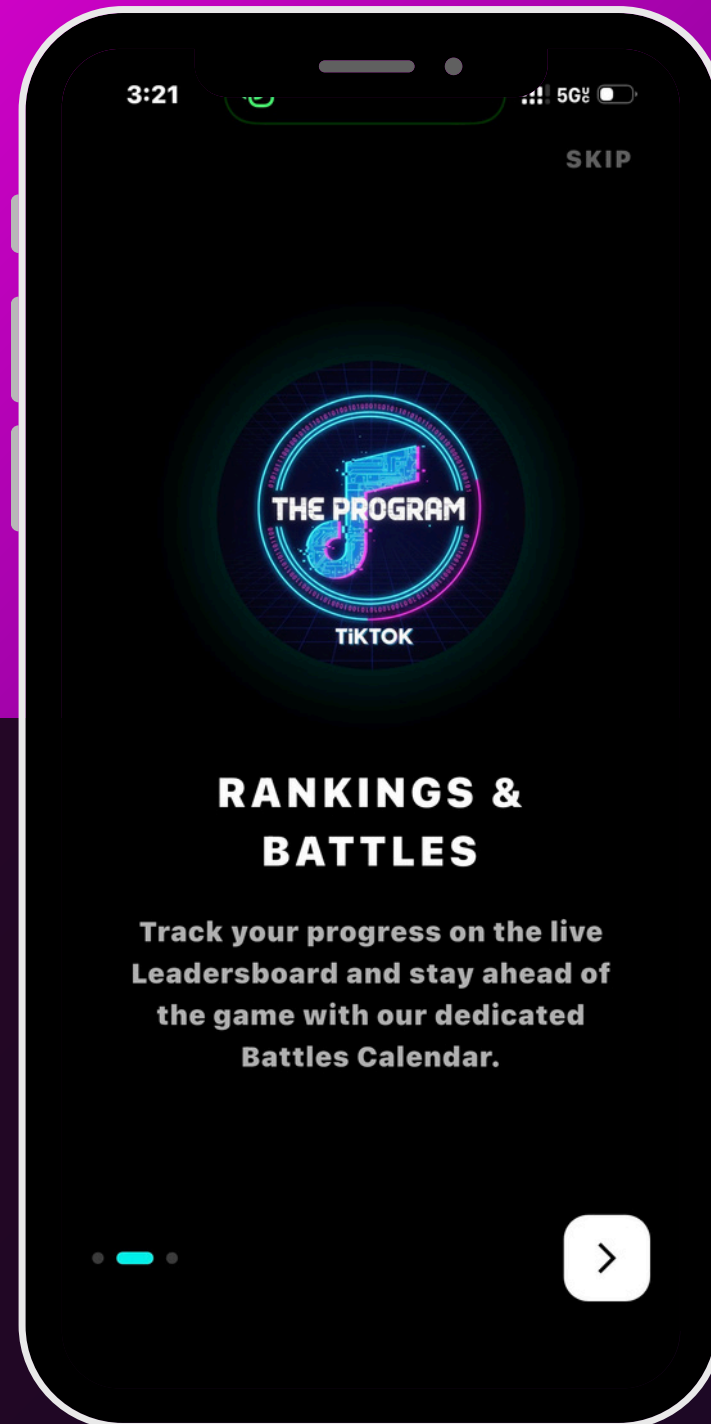

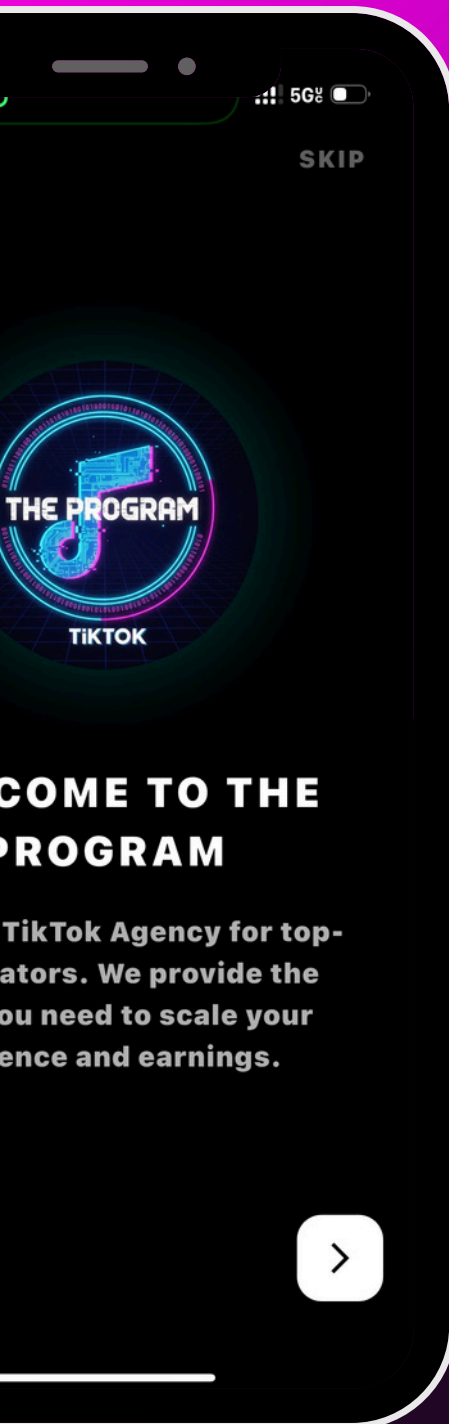

- Social media gives visibility
- But there's no centralized system for agency growth
- No structure for ranking, monetization, or internal community

This app brings everything into one place.

The Solution

A Centralized Agency Platform

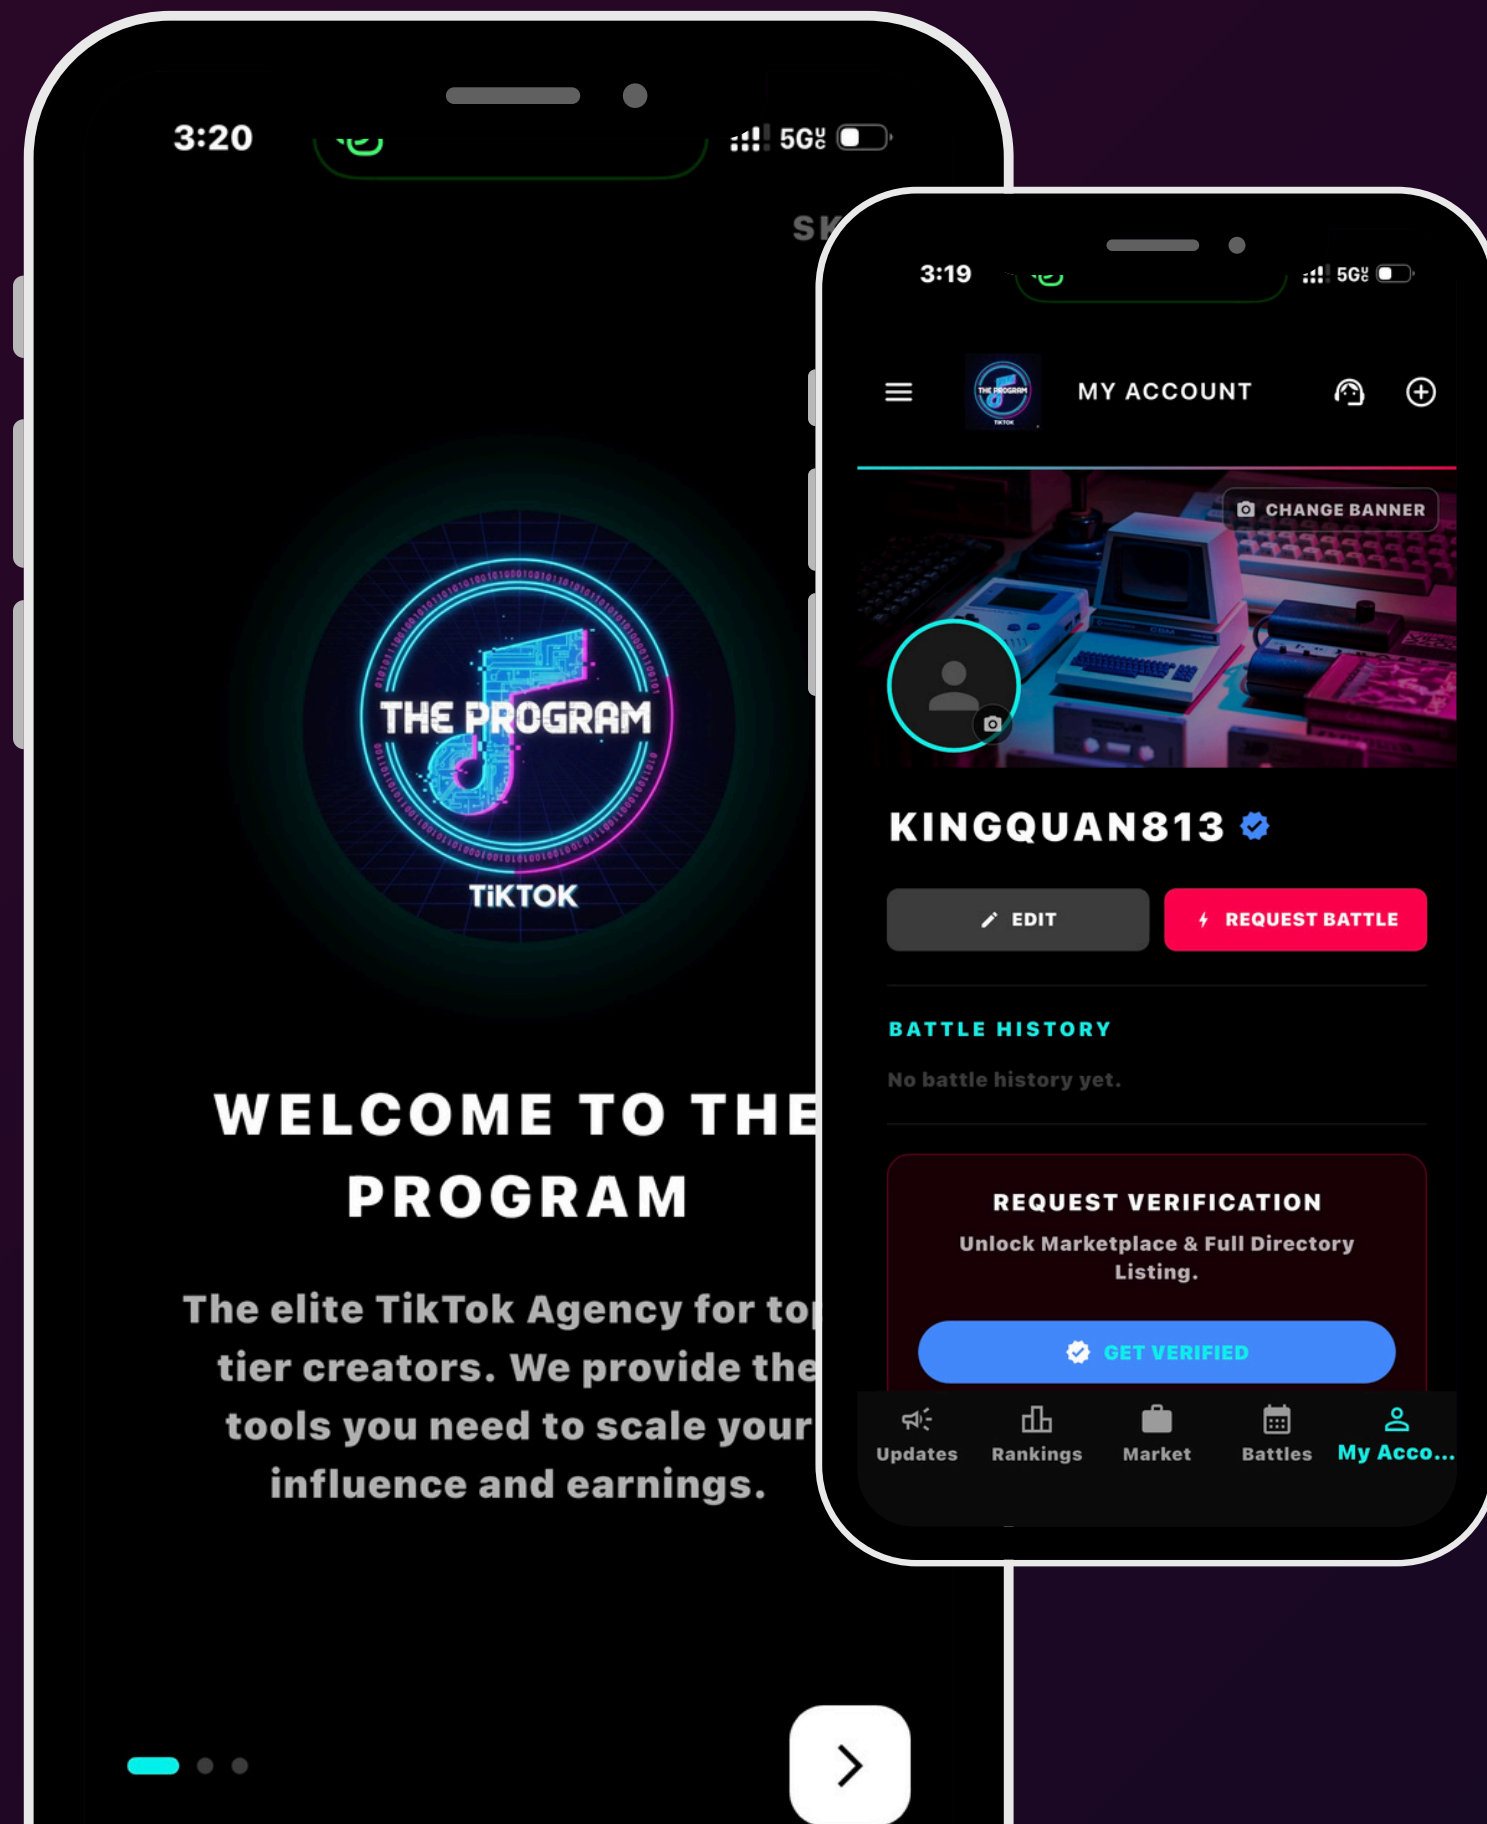

The Program Agency App was built to:

- Organize members into one system
- Create visibility through rankings
- Organize members into one system
- Open monetization opportunities
- Strengthen the agency community

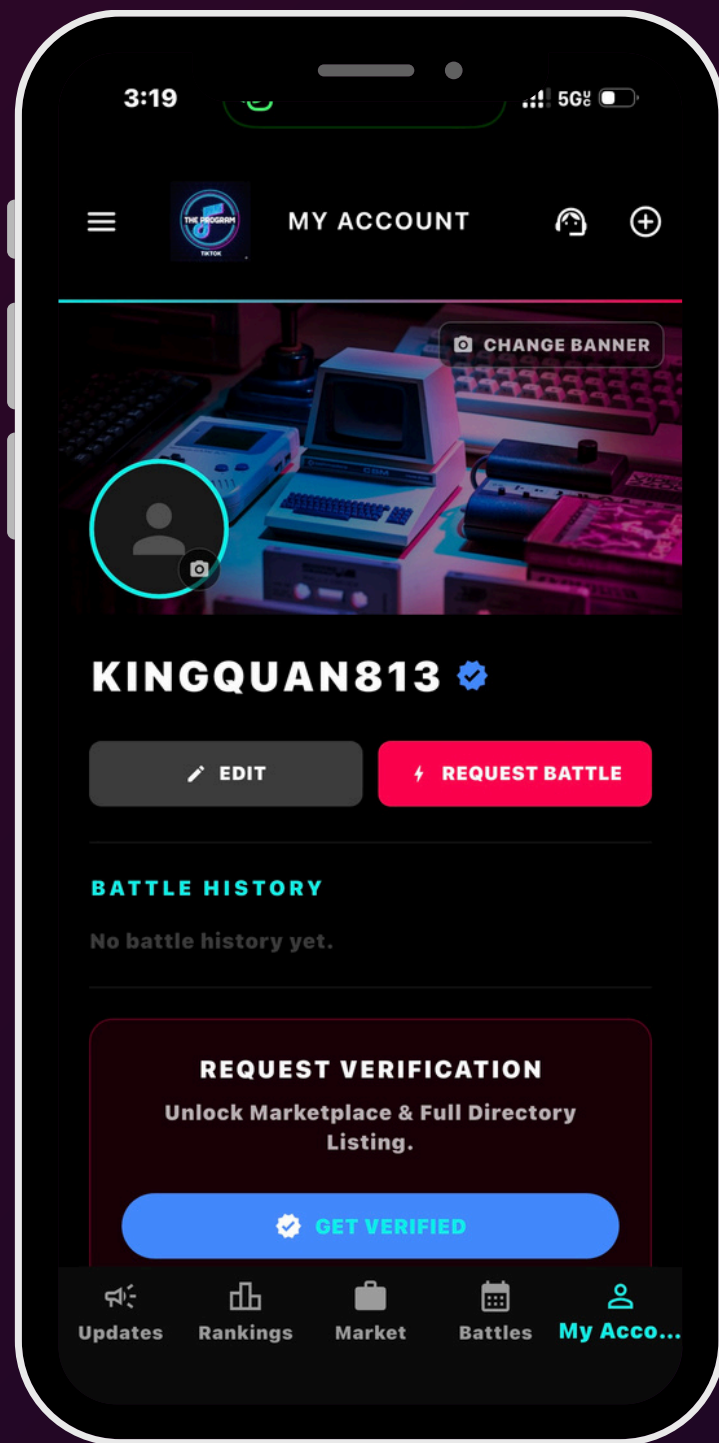

Built for The Program

Designed Specifically for This Agency

- Custom-built for King Quan 813's community
- Designed to grow with the agency
- Structured for both members and leadership
- More features to come!

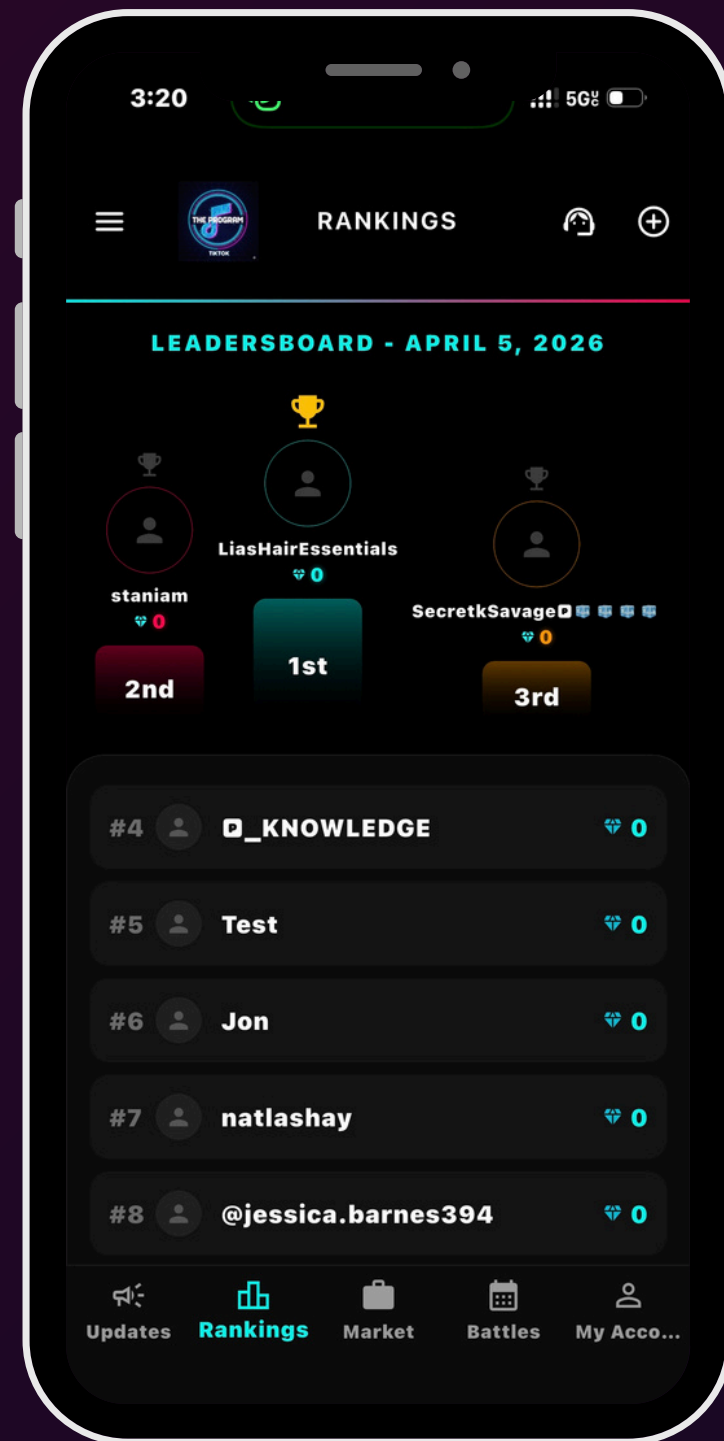

Platform Features

Member Profiles

Your Identity Inside the Agency

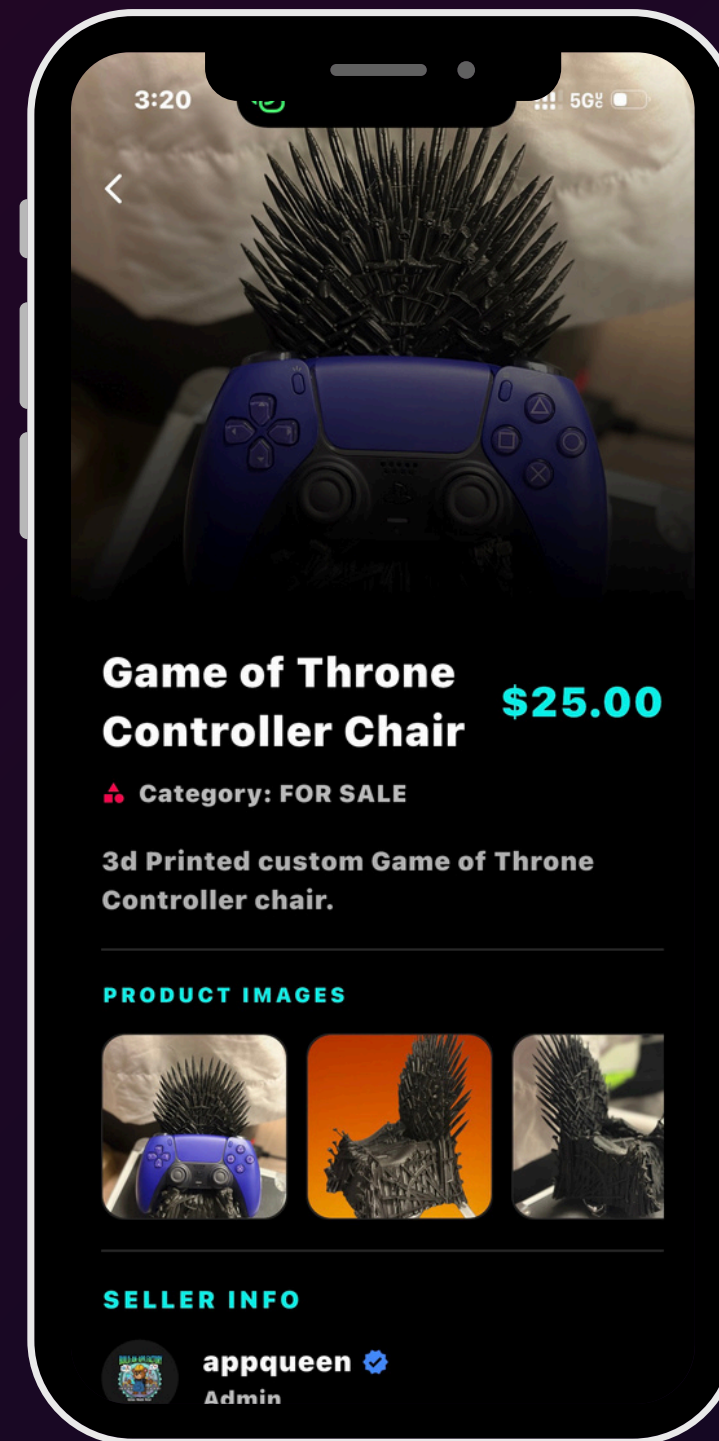

- Create your profile
- Showcase who you are

Rankings System

Visibility Through Performance

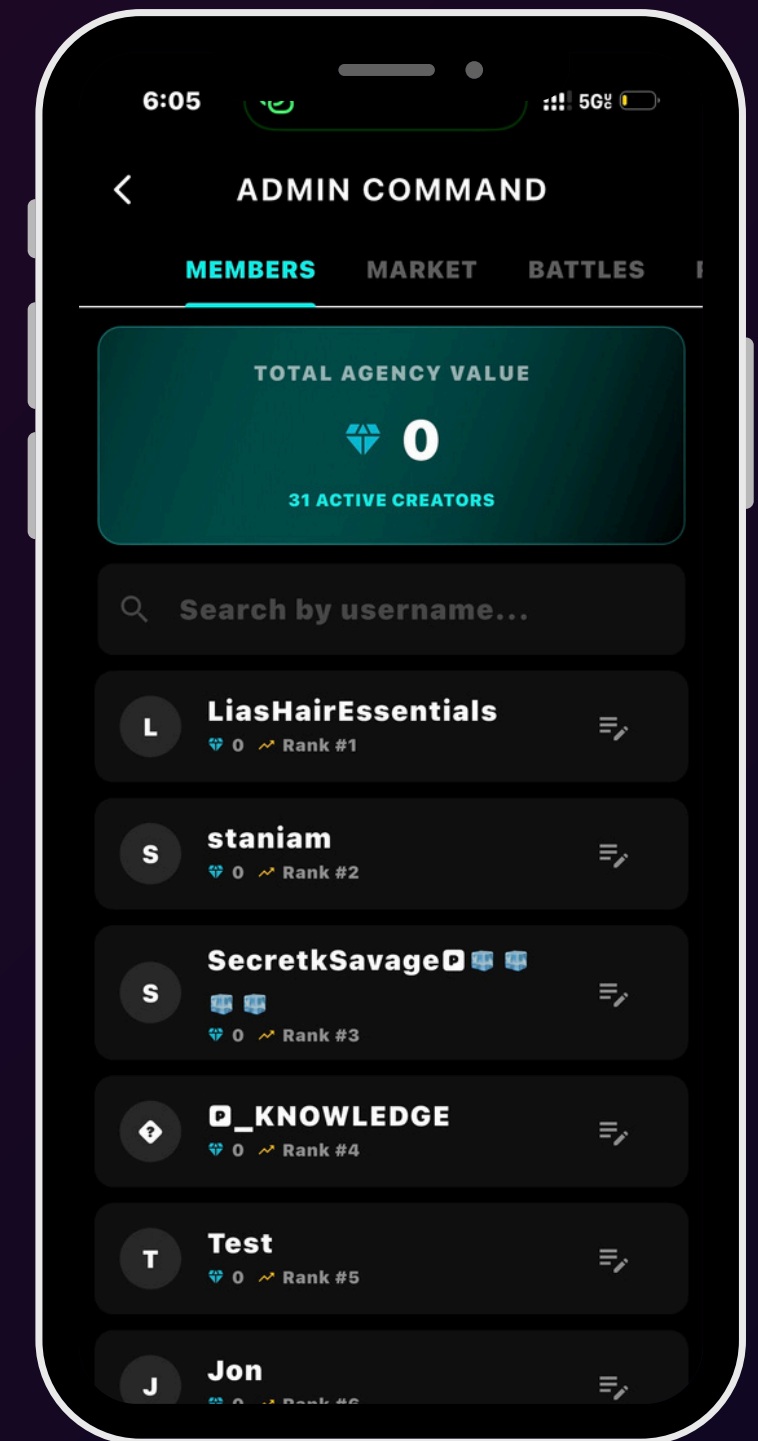

- Highlights top performers
- Encourages growth and consistency

Marketplace

Turn Your Presence Into Profit

- Sell products or services
- Promote what you offer

Admin Dashboard

Leadership Control & Management

- Manage members
- Control platform activity

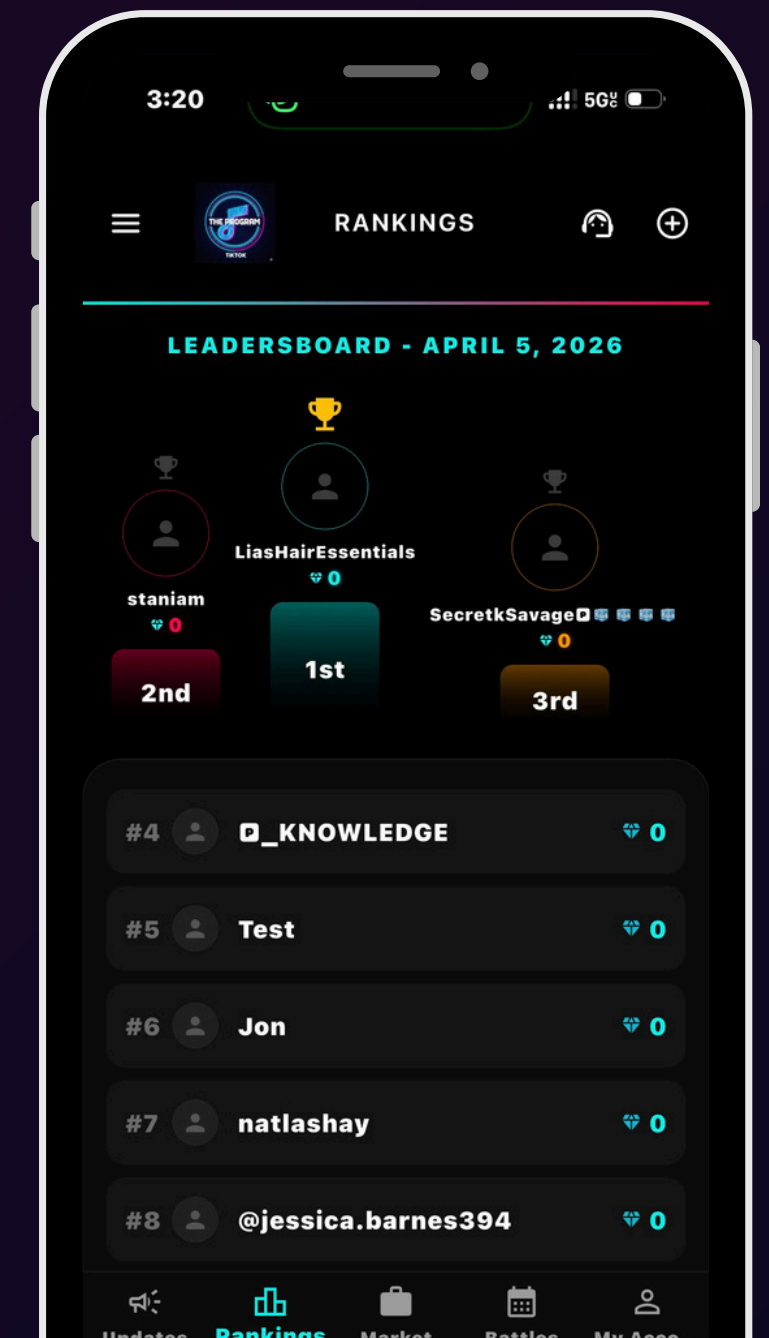

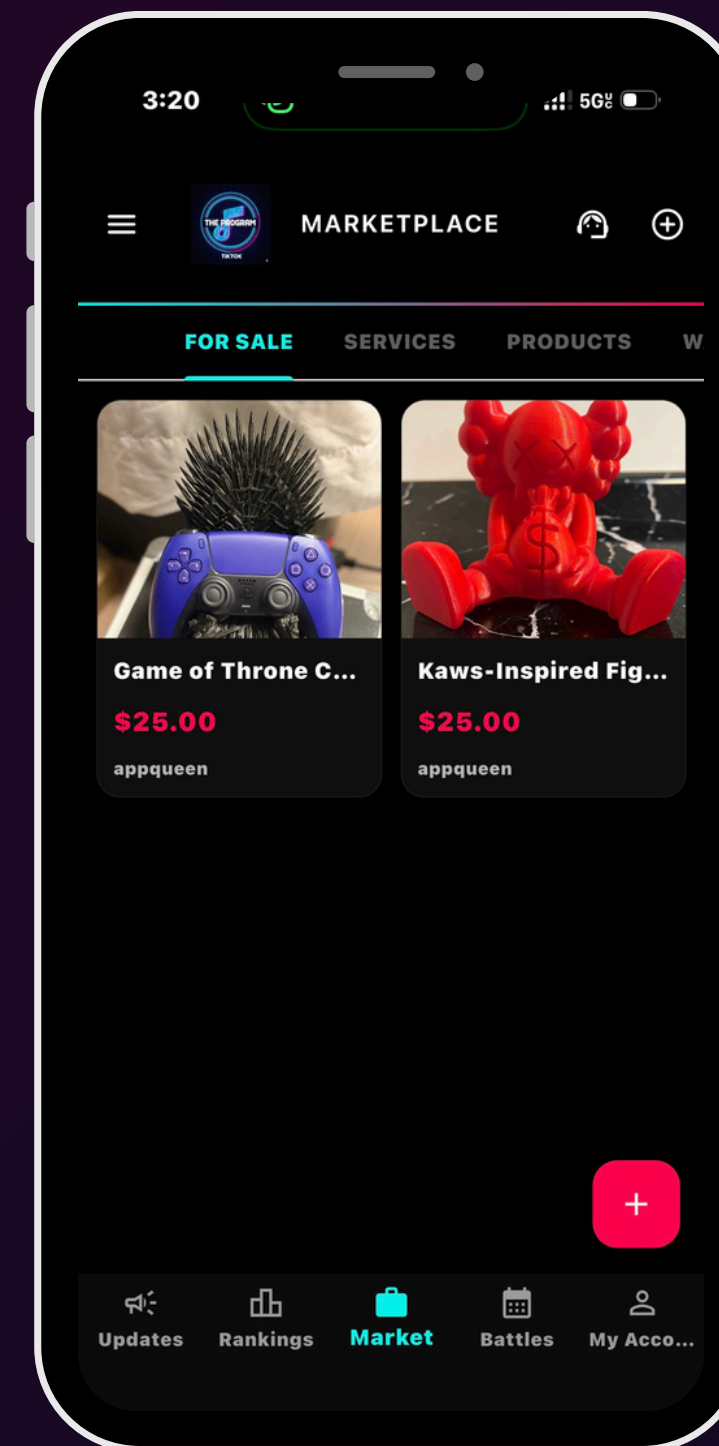

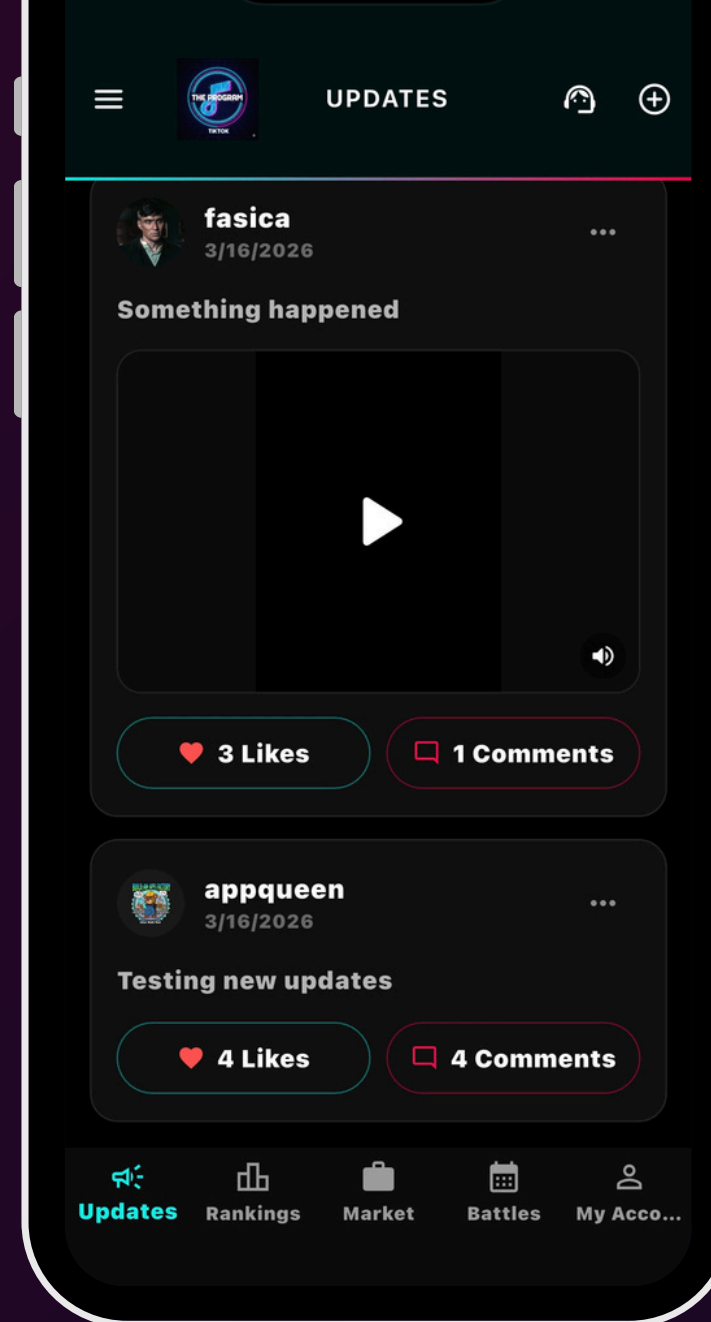

Why This Matters

More Than an App

This is infrastructure for the agency

A system that supports growth

A space where members can build, not just post

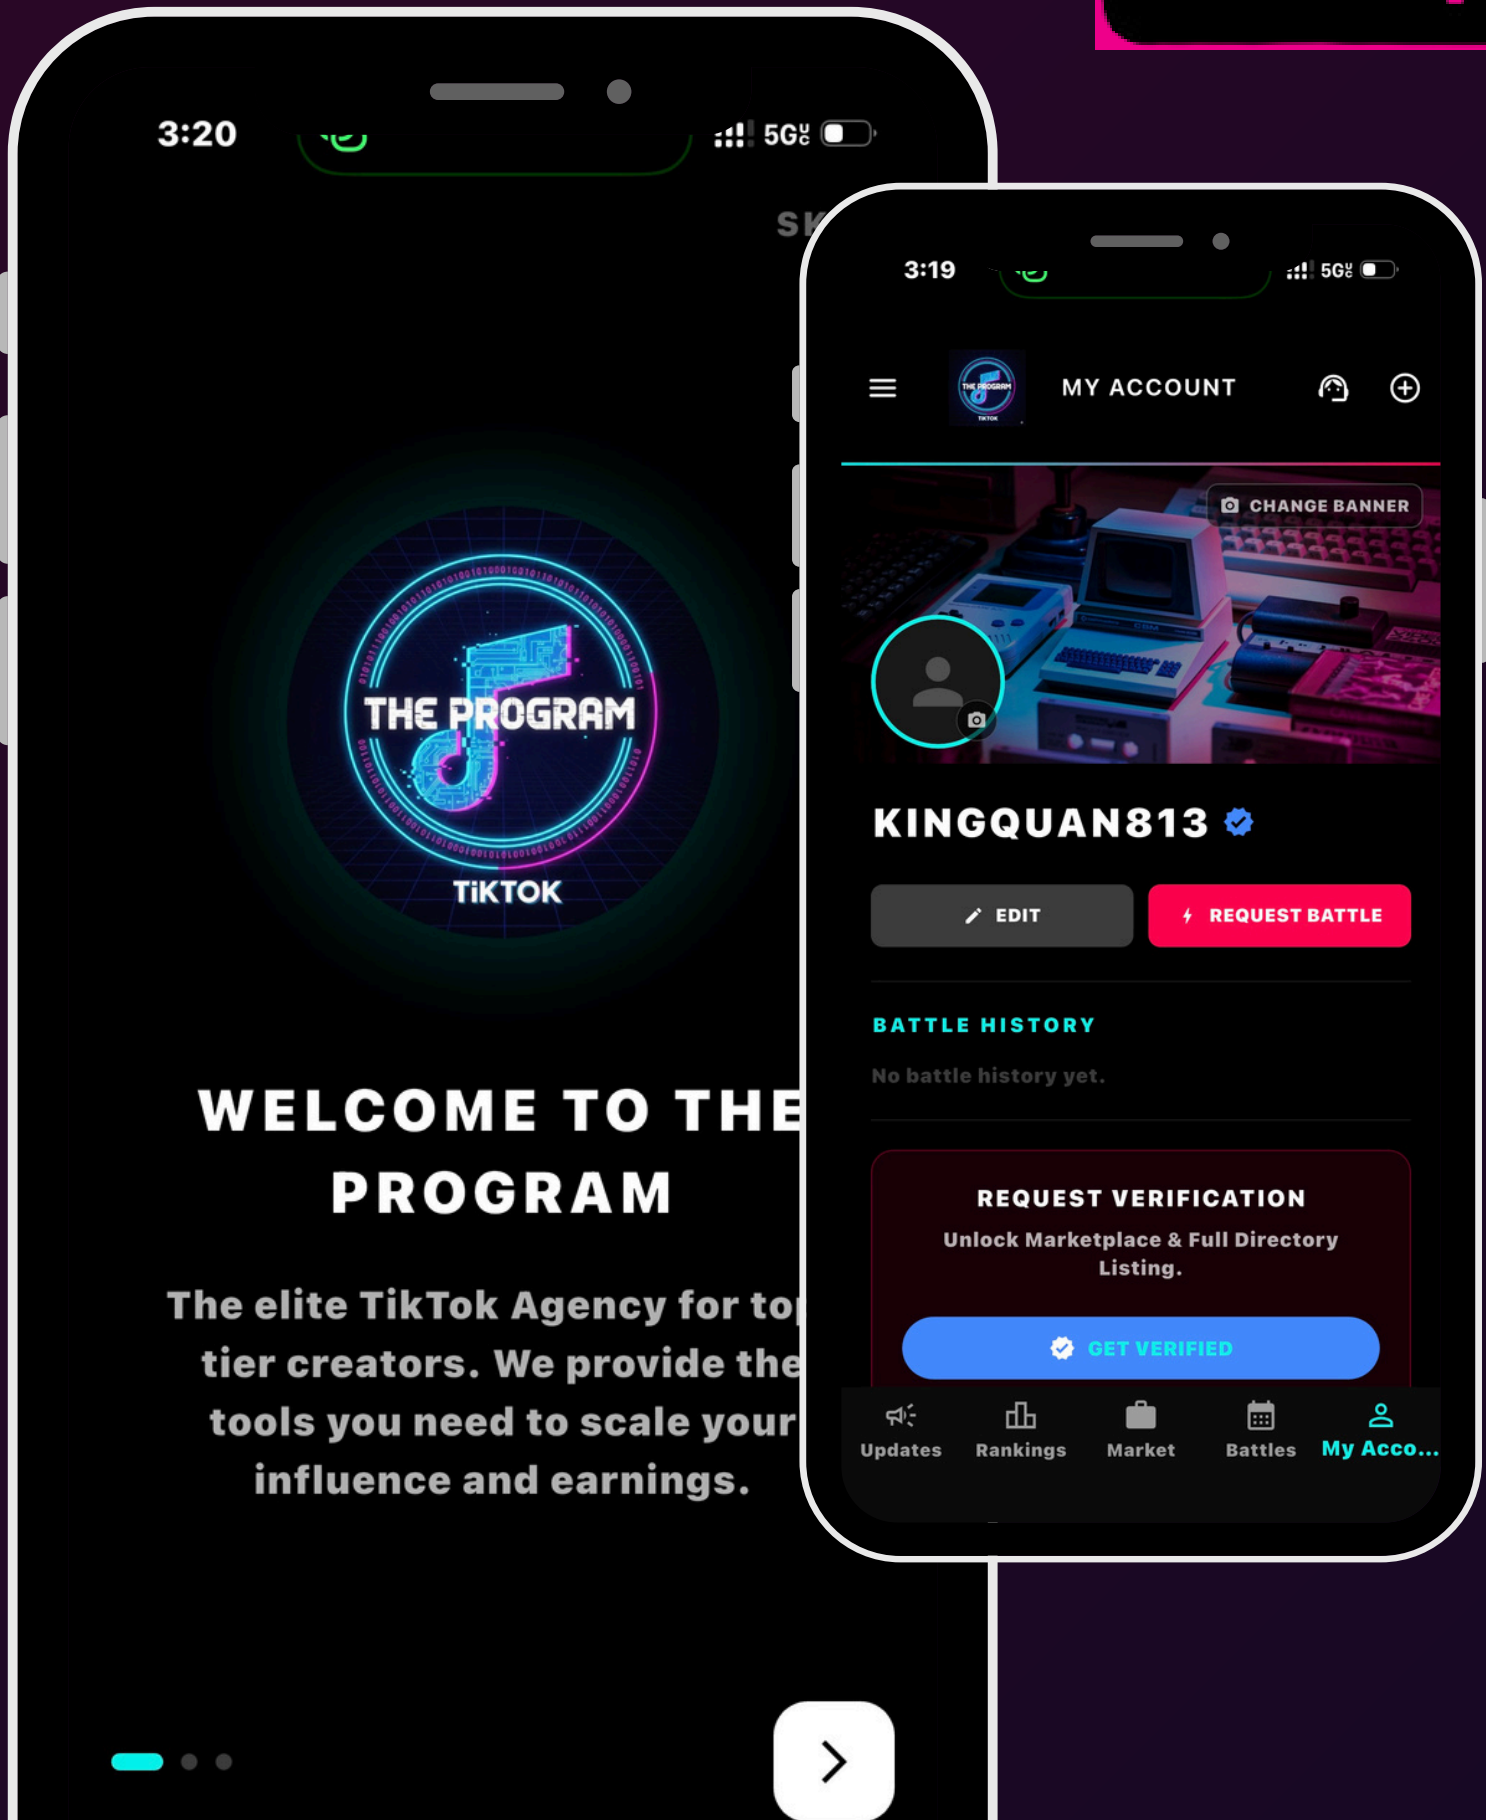

How to Get Started

Get Active on the Platform

- Download the App on IOS App Store
- Create a profile
- Explore the features
- Start engaging

The more you use it, the more it works for you.
