

SUZANNE STANFORD

"Dark AI just made EVERYONE a target! Together we can change that."

ABOUT SUZANNE

With a lifelong mission to shield families and professionals from digital threats, Suzanne Stanford has become a trusted authority in internet safety. She is dedicated to empowering clients with practical, easy-to-implement strategies helping everyone navigate the online world securely and confidently.

Years of hands-on advocacy, training, and legislative work give Suzanne the insight and tools to help clients of all ages become digitally fearless.

ACCOLADES & RECOGNITION

U.S. CONGRESSIONAL MERIT AWARD

Honored by the United States Congress for exceptional leadership and commitment to internet safety education. Recognized as an America's Women of Leadership Honoree for outstanding impact in protecting and empowering communities across the nation.

NATIONAL MEDIA VOICE

Featured on ABC, NBC, CBS, Fox News, and leading radio and print publications as a go-to expert on online safety. Suzanne helps turn digital risks into opportunities for security so you can live, work, and parent online with confidence.

SIGNATURE KEYNOTES

The Digitally Fearless Family

A practical workshop for parents on applying the 3 A's at home to protect children from online predators, cyberbullying, and scams, without completely sacrificing tech access.

Outsmarting Digital Dangers at Work

An executive briefing for professionals highlighting current cyber threats, social engineering tactics, and how to create a proactive culture of security within any organization.

THE 3 A'S FRAMEWORK

Awareness, Analysis, and Action

Suzanne's signature methodology breaks down the various digital threats into simple effective solutions anyone can implement.
