

SXS is pleased to present the latest SPRING Youth Performance Program – training for Performance Excellence by developing winning fitness habits that deliver measurable results. Excellence in Fitness that translates into Excellence in competition and LIFE!

DETAILS

DURATION: Up to 13 Weeks

DATES: April 7th – June 27th

The Full weekly program includes:

- Full body FUNCTIONAL Strength Training
- Plyometrics, agility, speed, coordination and movement mechanics
- Fundamentals of Olympic lifting and explosive power
- Stretching, foam rolling and other mobility principals
- Interval/ energy systems training

In a typical training session, we blend a number of training principals so that athletes can be exposed to a wider variety of training in each session which is more beneficial to their overall development. There will still be a main focus in each session, but there will not be any overlap from day-to-day.
