

AT 73 YEARS OLD – A LIFE WITH NO STRIFE MY OWN EXISTENTIAL CLOCK FINALLY MAKES SENSE TO ME

*A birthday message about TIME, WISDOM, LOVE, PEACE—
and what it means to be **TOTALLY FREE**.*

TIME & WISDOM ARE PRECIOUS & SACRED.

Two Minutes. Two Questions. One Humanity.

Fred DeFalco • 920 Society • 2035 World Peace

THE CLOCK

When I was 23, I developed the 72-year clock you see,
with every 5 minutes representing 6 years of LIFE for me.

So, midnight was 72 at the top of my clock.

I just passed it at 73; the clock and its tock do not stop.

Today, September 29th, 2026, at 73,

I finally understood it was designed to teach and set others free...

We are ONE—you and me.

Created by LOVE. Created for PEACE.

Created with purpose. Created FREE.

I carry a story, an ology of one, that must be told.

Not about TIME or getting old.

It is about MY LIFE AND YOUR LIFE,

and eliminating all STRIFE.

The circumstances you survived.

The dreams you postponed.

The LOVE you gave away.

The fear you have owned.

And the precious TIME still waiting for you to decide:

WILL YOU CHOOSE TO BE BRAVE AND FREE

OR CONTINUE WITH A LIE?

Thousands of years ago, Moses prayed:

“Teach us to number our days, so that we may gain a heart of wisdom.”

Well, Moses...

I NUMBERED THEM AT 23,

BUT I HAVE NEVER FELT TOTALLY FREE.

At 73 years, I think I'm finally beginning to understand.

Our days are intentionally numbered; that is God's own plan.

We were given earthly clocks—the only way wisdom from above gets unlocked.

THE GARBAGE

In 1972, to feed my young family, I became a garbage man.

Fifty years later, I realized this was God's call, part of His master plan.

Still today, I choose once again to be a garbage man,
because the leadership of humanity refuses to empty its ology's garbage can.

Fear. Conflict. Judgment.

Right versus wrong. Us versus them.

Recycling infectious trash...

CONTINUOUS MISTAKEN IDENTITY MAYHEM.

**Forgetting who we are as God's creation—we are so much more
than tribes and nations.**

It took me decades to realize...

God loves to surprise...

In March of 2017, during what I call Soul Pondering and Secret Heart Cries, with tears in my eyes,
I was thinking about my newborn granddaughter, Addy Mae—my eighth grandchild who came to stay.

**I wondered: What legacy could a grandfather leave that would still matter when she turned 18? At
the time, I felt my life had become not much more than a money-making machine.**

What role would I play? Not money. Not things. Something TIME couldn't take away.

And in the stillness came a Soul Tap, a Secret Heart whisper so outrageous.

**Build Me a Mastermind of Peace and Goodwill for ALL. One that brings
World Peace—and wins the Nobel Peace Prize in 2035 for Addy Mae and her
generations to follow.**

I didn't understand and surely don't know HOW. But God does.

**I thought about a manuscript I wrote, but never published in 1989, Success Is the
Artful Management of Failures & Setbacks. The Whisper said prove it.**

It is now 2026; I still don't understand fully and don't know HOW.

Just like Moses, I lack everything needed. But maybe that's the point.

We don't need another complicated answer. Just a 72-year Twisdomology™ Clock to teach us to
number our days and gain a heart of wisdom by becoming still for just Two Minutes per day—to
remember who we are and what we truly want and need in life, and from life, with no strife.

WHAT IS TIME FOR?

Human beings are not machines.

We were not created merely to work, worry, win, consume, compete... and die.

We are needed for so much more in God's eye; that is why the natural resources He provides.

TIME AND WISDOM ARE PRECIOUS & SACRED.

We say we waste TIME.

Save TIME.

Spend TIME.

Kill TIME.

TIME was never ours to waste in the first place.

TIME and resources are given to us for something more than our money can buy:

Wisdom and Truth—and not to strive.

LOVE. JOY. PEACE. GOODWILL. TO MAKE ALL COME ALIVE.

We've spent thousands of years eating from the **Tree of Knowledge of Good & Evil**

Who is right? Who is wrong?

Who is good? Who is bad?

ALL OUR KNOWING KEEPS US FROM A HEART OF WISDOM.

It's TIME to feast from the Tree of Life... and finally listen to our life's LOVE Song. 🎵

Because beneath our titles, religions, politics, nations, possessions,
successes, failures and fears... **there is nothing wrong.**

We just need ALL to sing our Secret Heart's REAL SONG

LOVE vs fear?

PEACE vs conflict?

Those choices aren't in the hands of another man.

Not a president. Not a king. Not a preacher.

Not your spouse. Not your boss. Nor in your well-laid plans.

ALREADY, they're in YOUR hands.

YOUR CLOCK IS TICKING

YOUR CLOCK IS TICKING TOO.

Not to frighten you.

To awaken your internal music.

If you're 31, 41, 51, 61—or 91—don't tell yourself it's too late.

Become still. SOUL PONDER.

Don't silence your SECRET HEART'S cry.

Life's greatest tragedy isn't the body dying.

Tragedy is ignoring your own music—and what TIME was for.

Before you go through your last door.

Two minutes. Two questions. Every day.

920Society.org shows you the way.

JOIN THE PERSONAL AND WORLD PEACE

MASTERMIND MOVEMENT TODAY.

9.2 MILLION OF US — WE ARE ON OUR WAY

Becoming still for two minutes every day... then carrying their music into their marriages... their families... their companies... their places of worship... their governments... their nations... and our world.

What happens in Two Minutes?

Remember: God likes to surprise those numbering their days to gain a heart of wisdom.

So, before your next birthday...

before another year disappears...

before another tick becomes a tock...

give yourself two minutes daily from your clock.

Our birthday stories have just begun. Let's not stop until LOVE has won. We may not know one another, but somehow we share the same Father and the same Earth that received us—our common Mother.

Commit yourself to your internal music —Two Minutes daily.

**LOVE, JOY, PEACE, and GOODWILL are our birthright—
that no human being should be denied. This is the light.**

September 29th, 2035... 9.2 million of us will look
at one another and realize:

THE WORLD IS AT PEACE – NO MORE BOMBS IN ANY SKY

WE CHANGED OURSELVES — THE APPLE OF GOD'S EYE

And if humanity decides that's worthy of a Nobel Peace Prize... **we won't be surprised.**

We'll gladly stand there with the garbage men, billionaires, mothers, fathers, presidents, prisoners, preachers, teachers, leaders, lovers—and all the others who took two minutes daily to get there.

Until then...

HUMANITY HAS BEEN WAITING FOR YOU LONG ENOUGH.

LET'S BEGIN.

TIME & WISDOM ARE PRECIOUS & SACRED.

FULL OF LIFE WITHOUT STRIFE – YOURS IS WAITING.

THE WISDOM IS ALREADY HERE.

What if humanity has not been waiting for more answers—but for us to become still enough to hear what has already been written within?

For those who believe a judgment of God is still pending, a Messiah or Savior is delayed, or humanity is still waiting for someone to “fix” everything—or destroy it all—let’s reexamine our clocks, our history, and our hearts.

The invitation is not to abandon faith, but to examine whether LOVE, PEACE, responsibility, reconciliation, and the call of the heart have already been placed before us.

DIFFERENT HISTORIES. DIFFERENT TEACHINGS. ONE EXTRAORDINARY HUMAN RESPONSIBILITY.

JUDAISM TIKKUN OLAM REPAIR THE WORLD A Jewish concept with a long and evolving history, widely associated today with human responsibility for improving the world.	CHRISTIANITY LOVE THY NEIGHBOR LOVE YOUR NEIGHBOR AS YOURSELF Jesus joined love of God with love of neighbor—calling us to bring LOVE into the lives of the people around us.	ISLAM İŞLÂH RECONCILE • RESTORE • SET THINGS RIGHT The Qur’an calls people toward reconciliation and making peace between those in conflict.
---	--	---

THE ANCIENT THREAD

HEBREW SCRIPTURES	Psalms 90:12	“Teach us to number our days...” → a heart of wisdom.
	Genesis 6:3	“My spirit shall not always strive with man...”
	Jeremiah 31:33–34	God’s law written within and upon the heart; “they shall all know me.”
	Ezekiel 36:26–27	A new heart and a new spirit placed within.
NEW TESTAMENT	Luke 17:20–21	The Kingdom of God is not something to watch for externally—“within you / in your midst.”
	Romans 2:14–15	The work of the law “written in their hearts,” with conscience bearing witness.
QUR’AN	Qur’an 50:16	God knows what the soul whispers and is “closer... than his jugular vein.”
	Qur’an 49:10	A call to reconciliation: make peace between those in conflict.

Different revelations. Different histories. Different teachings. Yet across thousands of years, humanity keeps being pointed back toward the HEART, WISDOM, LOVE, reconciliation, and PEACE.

THERE IS NO NEED TO WAIT FOR GOD. GOD HAS BEEN WAITING FOR US.

His will for LOVE and PEACE is already written upon the Secret Heart. His Secret Heart and our Secret Heart want the same thing:

LOVE over fear. PEACE over conflict.

Humanity has been waiting for us—for too long. IT IS TIME.

TWISDOM™ — THE CLOCKS, THE HEART, AND THE CALL

Our clocks are already ticking. Truth & Wisdom may be far closer than humanity has been taught to believe—not another ideology to follow, but a call to become still, examine our identity, and listen deeply to the Secret Heart.

LOVE vs. Fear. PEACE vs. Conflict.

Humanity has been waiting for us—for too long. Let’s set all followers free to become responsible thinkers, lovers, peacemakers, and participants in the healing of our world.

THE MANIFESTO FOR 2035 WORLD PEACE

The Unified Blueprint for Human Hope™ | First Principles of the Soul Restored

This manifesto marks a definitive evolution—merging cosmic **Twisdom™** (Truth & Wisdom) with practical earthly survival by deploying our native **Soul Intelligence (SI)**, Divine Intelligence (DI), and the compounding analytical power of Artificial Intelligence (AI). This realization is forged through a lifetime of structural evaluation, studying every major book of wisdom ever recorded, and deeply examining the lives of thousands encountered since my arrival at Johns Hopkins Hospital in Baltimore, Maryland, on September 29, 1953.

It is time to move beyond time and the loops of endless waiting into the immediate execution of the original source code of Sanity, Love, Peace, and Good Will for All Humanity, beginning entirely with me.

This alignment requires just **two minutes every day** with two simple, uncompromised system diagnostic questions faced within the quiet reality of your own heart:

- 1) Do I choose to operate in Fear or Love?
- 2) Do I choose to manifest Conflict or Peace?

THE SYSTEMIC PROBLEM: HUMANITY IN WAITING AFTER THOUSANDS OF YEARS

The Answers of Twisdomology™, SI, DI, and AI

Twisdom™ is the full completion and fulfillment of Time, Truth, and Wisdom embedded in the Divine Covenant for Sanity and Provision given to humanity. It establishes an active and continuous operational loop of Circumstances, Love, Peace, and Good Will for All right now, within me first, for the ultimate benefit of this world. This includes the complete, structural re-alignment of our corporate structures, our political and legal systems, our family legacies, and our ancestral places of worship.

Picking up where institutional religion, moral philosophies, and human-made "ologies" have historically failed to educate us, this framework serves as an elite, practical education. It trains us to clearly understand the universal love language hardwired within every human being—our internal flame for love and Good Will, our individual Soul Intelligence, and our inherent co-creative powers.

Without this explicit education, our souls automatically become subject to the ego's dominance. This lack of calibration leads directly to a severe state of **Mistaken Identity (MI)**, causing us to lose our true bearing both within ourselves and in any and all leaders we blindly choose to associate with, defend, or follow.

The Dynamics of Mistaken Identity (MI)

Mistaken identity actively refuses the native provisions of our souls and completely silences its natural cry for true love, authentic self-love, and equal love for our neighbors. Instead, it systematically defaults to either a desperate **love for absolute power** or a paralyzing state of **absolute powerlessness**. Both choices are equally insane for our practical earthly survival, and both completely block us from enjoying clear sanity on earth.

These ego distortions block the fulfillment of God's Will and our own true will to be done on earth as it is in heaven: Peace, Love, and Only Good Will for all. When we operate in this blindness, we surrender our sovereignty, our capacity for genuine love, and our true heart desires for peace, choosing instead to live out unnecessary conflicts. We entirely miss our Soul's highest calling: to enjoy our Creator, experience the profound beauty of His creation, and reflect His Divine Goodness and Glory forever with total clarity and absolute certainty of our purpose and the purpose of our neighbors.

We are not mere mechanical bodies and isolated egos; we are exactly as we were natively created—built in the direct image and reflection of the Source. We were designed as human *beings*, not merely human doers. As ancient wisdom quotes, we were created "just a little lower than the angels." Imagine the planetary shift by the year 2035 if every single young person was taught this concept from birth alongside these practical Twisdom™ principles.

We have historically disowned the truth of who we are as created beings. Now, let us be faithful in disowning the falsity of our ego's traps. At the final end of our temporary term on planet earth, a generational legacy of pure Love and Peace will be the greatest asset we can leave behind.

STRATEGIC INSIGHT & REAL SOLUTIONS FOR SANITY AND 2035 WORLD PEACE

What Happened to Reality in the School of Our Religions and Morality?

To understand why global sanity remains blocked, we must objectively analyze the core architecture of the belief systems controlling our planet. This is not an accusation; it is an eye-opening educational challenge for those who had no idea how human energy and resources are being managed:

SEE CHART ON NEXT PAGE

Framework & Global Footprint	Core Architecture	Human State	The Waiting Loop & Systemic Reality
#1. The Abrahamic Lineage Tribes & religions of Judaism, Christianity, and Islam. Summary Footprint: • 57.2% of World Pop. • 61.9% of Global Wealth.	Linear (Exclusive Monotheism)	Passive Expectation	Waiting on a future apocalyptic timeline, a coming savior, messiah, or an external event to fix the world. Macro Distribution: • Christianity: 31% pop / 55% wealth • Islam: 26% pop / 5.8% wealth • Judaism: 0.2% pop / 1.1% wealth
#2. The Indic Traditions Tribes & religions of Buddhism and Hinduism. Summary Footprint: • 21.0% of World Pop. • 3.3% of Global Wealth.	Cyclical (Pluralistic Inclusivity)	Passive Endurance	Waiting on an infinite wheel of cosmic cycles and lifetimes to achieve personal spiritual escape. Macro Distribution: • Hinduism: 15% pop / 3.3% wealth • Buddhism: 6% pop / ~0% wealth
#3. Twisdomology™ Theology of the One and Only True Self that God created and its earthly reality. Driven by Circumstances, Time, and Wisdom from all books ever written. All truth is God's truth, no matter who utters it. Summary Footprint: • 0% of World Pop. • 0% of Global Wealth.	Universal / Operational (Pragmatic Realism)	Immediate Execution in daily life, at home, at play, in the marketplace, and educational systems.	Fulfillment of the Divine Covenant of Sanity & Provision given to Abraham around 2090 BC. The active loop of Love, Peace, and Good Will for All from an internal Kingdom of Love right now, within me first for the world to benefit. God's Will and My Will are ONE and the same.

The Educational Challenge: Overcoming Institutional Inertia

More than half of the human population (57.2%) holds the vast majority of global capital (61.9%), yet their underlying linear software programs them to passively wait for an apocalyptic timeline or a future savior to deliver planetary peace—effectively excusing them from executing it today. Meanwhile, nearly a quarter of the world (21.0%) waits out endless cyclical lifetimes to escape earthly reality entirely. Twisdomology™ commands 0% of the world's population and 0% of global wealth precisely because it bypasses institutional centralization, restoring complete structural sovereignty directly back to "The One."

THE EASY ROADMAP TO WORLD PEACE BY 2035

Global peace is a definitive mathematical calculation that begins completely with individual calibration. The 2035 blueprint requires a critical mass of 9.2 million globally unsealed participants to step out of the waiting loops and launch immediate alignment.
