

SUBCONTRACTORS MODULE

Effortless Management. Smooth Compliance. Optimised Productivity.

Case Study

Successful Subcontractor Management

Challenge

Paper-based subcontractor compliance and payment tracking caused delays.

Solution

WMS automated onboarding, compliance visibility, and invoicing.

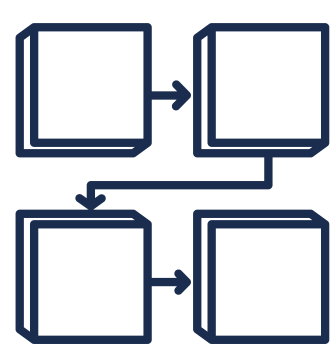

40% less admin overhead
100% compliance maintained
30% faster payment cycles

Take Full Control of Your Subcontractor Relationships

Managing subcontractors is complex, WMS simplifies compliance, workflows, and admin while giving full visibility to track performance and ensure smoother operations end-to-end.

- ✓ Centralised Subcontractor Portal
- ✓ Smooth Compliance Tracking
- ✓ Simplified Invoice Management
- ✓ Streamlined Communication
- ✓ Enhanced Visibility & Reporting

Why Choose the WMS Subcontractors Module?

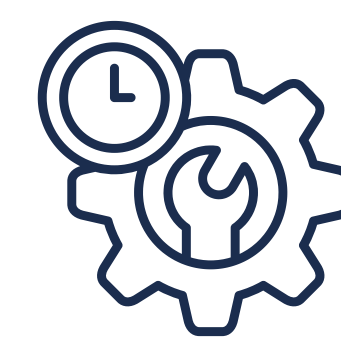

Optimised Workflow

Simplify subcontractor onboarding and management, cut admin tasks, and improve coordination.

Risk & Compliance

Centralise certifications, insurance, & safety compliance with automated tracking to reduce legal & financial risks.

Time & Productivity

Speed up communication, invoicing, and payments while eliminating paperwork delays through digital management.
