

THE HOUSE SIZE GUIDE

Every piece, *measured.*

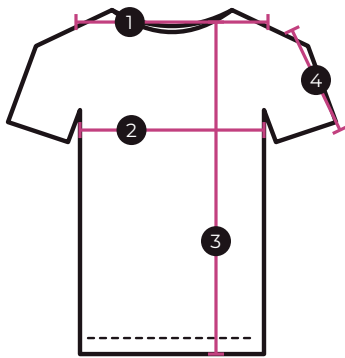

The V&B size guide for the girls, the little ones and Maman, plus hats and bags. Measure once, then find her size in any piece we make.

BEFORE YOU CHOOSE

How to *measure*

Every V&B piece is made to order, so the surest size is the one that matches a piece she already loves. Every number in this guide is the garment laid flat, in inches.

- I Chest width**
 Lay a top she loves flat. Measure straight across, armpit to armpit.
- II Length**
 From the highest point of the shoulder, beside the collar, down to the hem.
- III Shoulder and sleeve**
 Shoulder: straight across, seam to seam. Sleeve: from the top of the sleeve seam down to the cuff.
- IV Waist and hip**
 Lay pants flat. Measure across the top of the waistband, then across the widest part of the hip.
- V Inseam, rise and length**
 Inseam: crotch seam down to the hem. Rise: crotch seam up to the top of the waistband. Length: waistband down to the hem.
- VI Compare**
 Find the closest match in the chart for the piece you want. Between two sizes, choose the larger.

Reading a chart

Each piece has its own drawing. The numbers on the drawing match the numbered columns in its chart, so you always know where a measurement is taken.

For the girls' height sizes (130, 140 and so on), the size is her height in centimetres. Her height in feet and inches is beside it.

Measurements can vary by up to 2 inches from piece to piece.
