

## **Middletown Rehearsal Schedule Information**

The dates listed below represent our planned rehearsal period and are being provided so actors can review the overall commitment before auditioning. This schedule should be considered preliminary.

A detailed rehearsal schedule, including specific call times, scene work, and actor-specific rehearsal assignments, will be distributed at the first read-through on Wednesday, September 2, 2026. Rehearsals will be scheduled based on the needs of the production and the availability provided by the cast.

Not all actors will be called to every rehearsal. Ekklesia Theatre strives to create a life-giving rehearsal process that respects our artists' time and commitments outside the theatre. Actors will be called only when needed whenever possible, and we will make every reasonable effort to accommodate known conflicts. While we cannot guarantee every scheduling request can be honored, we will do our best to work with cast availability whenever possible.

The rehearsal dates listed below should be considered reserved if cast. Specific call times and rehearsal assignments may change as the production develops.

Please note that all technical rehearsals, dress rehearsals, and performances are mandatory. Cast members should plan to be available for all rehearsals and performances beginning October 18, 2026, through the close of the production.

Our goal is to create excellent theatre while fostering a rehearsal process that is collaborative, healthy, joyful, and sustainable for everyone involved.

Rehearsal Location: US Digital Outreach Center (1400 NE 136th Ave, Suite 201 Vancouver, WA 98684)
