Last Updated: June 10, 2026

Every effort has been made to accurately represent our digital products, programs, and services, including the Entrepreneur Power Codes (EPC) Masterclass, and their potential to assist your business. However, there is no guarantee that you will earn any money using the techniques, strategies, or ideas presented by REVOLUTION9 ("we," "our," or "us").

1. No Guarantees of Income

Any examples, case studies, or testimonials showcasing revenue increases, growth, or strategic outcomes (such as achieving "100% Strategic Clarity") are exceptional results. They do not apply to the average purchaser and are not intended to represent or guarantee that anyone will achieve the same or similar results. Your individual success depends entirely on your background, dedication, resources, skills, and the market conditions surrounding your specific business model.

2. Forward-Looking Statements

Materials contained on our landing pages, website, or inside our digital portal may contain information that includes or is based upon forward-looking statements. Forward-looking statements give our expectations or forecasts of future events. You can identify these statements by the fact that they do not relate strictly to historical or current facts. They use words such as "anticipate," "estimate," "expect," "project," "intend," "plan," "believe," and other words and terms of similar meaning in connection with a description of potential earnings or business performance.

3. Due Diligence and Personal Responsibility

You agree that our company is not responsible for the success or failure of your business decisions relating to any information presented by REVOLUTION 9, or our company products, services, or frameworks. You are solely responsible for doing your own due diligence before executing any business strategies.
