À LA CARTE

ADD AS MANY AS YOU NEED

Additional preparation sessions **\$225**

Most clients do 2+ preparation sessions.

Integration sessions **\$225**

We recommend one integration session per journey.

HOW TO GET STARTED

A short eligibility questionnaire comes first, then a 30-minute consultation call with Nina Hersher, our Program Director, before you pay. Your medical intake makes the final call; if KAT isn't a fit, you're refunded minus the intake.

INSURANCE

The medical intake is \$375 self-pay, but we can often get insurance to cover it, saving you that cost. In network: PacificSource, PacificSource Community Solutions, BlueCross BlueShield, Moda, First Choice, Kaiser. Subject to your benefits.

LABS

Labs from the last 6 months may be usable. If you need new blood work (CBC, CMP, TSH), we bill your insurance, or it's \$36.11 total self-pay at our Quest rates, including the draw.

YOUR OWN THERAPIST

You are welcome to use your own therapist after our one mandatory prep session at Elixir. Are they trained in psychedelic integration? If not, you might begin with us, then continue with them.
