THE FULL PRODUCT LADDER

<p>STAGE 1 · INTAKE</p> <p>01 QuickScan \$49</p> <p>Fast intake viability triage. Upload what you have; get back a "take the case or decline" recommendation with the reasons why — before you commit to development costs.</p>	<p>STAGE 2 · RECONSIDERATION COMING SOON</p> <p>02 Recon Pricing TBD</p> <p>Targeted case development for the reconsideration stage. Built for the cases that survive initial denial and need sharper evidence and framing before the next decision.</p>
<p>STAGE 3 · HEARING PREP COMING SOON</p> <p>03 DevCheck Pricing TBD</p> <p>Mid-case viability check before hearing. Is this case still worth the full development spend? Spot evidence gaps, credibility risks, and adverse issues while there's still time to fix them.</p>	<p>STAGE 3 · HEARING PREP · BLUEPRINT TIER</p> <p>04 Blueprint Essential \$175</p> <p>The core hearing file. Medical chronology, RFC analysis, onset date reconciliation, and case development review. Triple-verified forensic methodology — standard on every case.</p>
<p>STAGE 3 · HEARING PREP · BLUEPRINT TIER</p> <p>05 Blueprint Pro \$595</p> <p>Everything in Essential, plus the full forensic analysis suite: Blue Book Listings comparator, Medical-Vocational Grid Rule analysis, ADL/RFC depth, adversarial stress test, and cross-exam question bank.</p>	<p>STAGE 3 · HEARING PREP · BLUEPRINT TIER</p> <p>06 Blueprint Pro+ \$895</p> <p>Everything in Pro, plus co-morbidity and psychiatric complexity specialty analysis. Built for cases where interacting conditions or mental-health complexity change the strategy.</p>
<p>STAGE 3 · HEARING PREP · FLAGSHIP FLAGSHIP</p> <p>07 Blueprint Premium \$1,230</p> <p>Everything in Pro+, plus a Complete Pre-Hearing Brief, 34-point Hearing Readiness audit, independent multi-engine certification, and a Hearing Readiness Certification coversheet rating the case HIGH / MODERATE / CAUTION.</p>	<p>STAGE 4 · POST-HEARING</p> <p>08 Post-Hearing \$75 – \$125</p> <p>Protect the record after hearing. Issue preservation, adverse testimony follow-up, and targeted objections drafted to keep the appeal runway open.</p>
<p>STAGE 5 · APPEALS NEW</p> <p>09 Verdict Audit See pricing below</p> <p>When the ALJ denies, we read their decision against the 5-Step Sequential Evaluation and flag every reversible error — Listings gaps, RFC function-by-function failures, Grid Rule miscalculations, borderline-age issues, obsolete jobs under EM-24026/24027, and boilerplate credibility language. Errors ranked by remand likelihood. Every citation verified by our Citation Grid Audit.</p>	
<p>IF YOU BOUGHT A PRO / PRO+ / PREMIUM BLUEPRINT</p> <p>\$75</p> <p>Insurance pricing — your case file is already here. We already know it cold.</p>	<p>STANDALONE (NO PRIOR BLUEPRINT)</p> <p>\$295</p> <p>We build a mini-case-file from the ALJ decision, ERE, and transcript, then audit.</p>
<p>STAGE 5 · APPEALS NEW</p> <p>10 AC Brief Pricing TBD</p> <p>Complete Appeals Council brief — includes full Verdict Audit, statement of the case, issues, argument sections, and requested relief. Every citation independently verified by our Citation Grid Audit. Delivered in PDF and editable Word, ready for your review and filing.</p>

WHY THE LADDER MATTERS

Every product feeds the next. Start with **QuickScan** before you take the case. Upgrade to a **Blueprint** to build the file that wins at hearing. Add **Post-Hearing** to protect the record. Escalate to **Verdict Audit** or **AC Brief** if the ALJ gets it wrong. One pipeline, one governance stack, one accountable partner — from intake to appeal.
