

EZFUNDINGS, Inc.

2021

Everyone wants those
2021 interest rates back.

But nobody wants the
2021 market back.

20 offers on one house.
Waiving contingencies.
\$100K over asking.

Everybody remembers
the **3% rates**.

They forget what it took
to actually **get the house**.

Funny how we only
remember the
interest rates.

**BUY NOW –
LOCK IN GOOD PRICE –
REFINANCE LATER**
