ONE TREE NATION PRESENTS

Raising Daughters PROGRAM

A 2 DAY SLEEPOVER CAMP/RETREAT

Building Confidence. Strong Character. Purpose-Driven.

The Raising Daughters Program is designed to empower young girls by helping them discover who they are, recognize their worth, and grow into confident, respectful, and purpose-driven young lady.

Through mentorship, life-skills training, hands-on experiences, **healing, prayer, and learning what the Word of God says about you**, participants learn the importance of self-love, self-care, healthy boundaries, respect, personal responsibility, standards, relationships, and positive decision-making.

The program also offers engaging field trips and practical workshops, including cooking classes, housekeeping, etiquette, leadership development, and other essential life skills.

Our goal is to provide a safe, **nurturing environment** where **every young lady is encouraged to heal, grow, build confidence, and become the young lady she was created to be.**

SCRIPTURE FOR OUR DAUGHTERS

PSALM 144:12

May our sons in their youth be like plants full grown, our **daughters** like **corner pillars** cut for the structure of a palace.

*You Are
Wonderfully Made*

You are chosen. You are loved.
You are enough. You are beautiful inside and out.
You have a purpose and a future filled with hope!
