## LEASHES

The range seamlessly blends time-tested design and trusted craftsmanship with cutting-edge materials to offer surfers a leash series that not only delivers unmatched strength, but also carries the weight of a storied legacy, making it the number 1 choice for those who demand uncompromising reliability and performance in their surfing experience.

PATENTED

WORLD'S STRONGEST LEASH

The One Piece leash technology's extruded cord design eliminates the moulded end join which is the weakest point in traditional leashes. Constructed using a new production technique, 8mm swivels and a unique new formula in the urethane cord, this leash has superior strength, stretch and memory retention.

## DIAMOND FLEX

ADVANCED MOULDED DESIGN

Advanced mould design with flex diamonds provides controlled flex. Designed to stretch with the urethane cord.

## SUNSET (DIAMOND FLEX)

MOULDED DESIGN

Diamond-Flex moulds, stainless steel swivel and premium grade urethane.

## WORLD'S STRONGEST LEASH

NO JOINS , NO WEAK POINTS | 40% STRONGER

### ONE XT PREMIUM

The One Piece Leash's extruded cord design eliminates the moulded end join which is the weakest point in traditional leashes. Constructed using a new production technique, 8mm swivels and a unique new formula in the urethane cord, this leash has superior strength, stretch and memory retention.

#### ONE PIECE CORD

No Joins.  
No Weak Points.  
40% Stronger

#### TRADITIONAL MOULDED CORD

Weakest point where cord meets moulded end.

**ONE PIECE EXTRUDED CORD**

From swivel to swivel - just one cord... one component. Eliminates the need for end joins, which are the weakest points in conventional leashes, meaning no weak points.

**CONTROLLED-STRETCH URETHANE**

The larger the wave, the more stretch which keeps your board at a safe distance away. Premium grade quality urethane developed by the world's leading manufacturer.

**ORIGINAL DETACHABLE RAILS AVER**

The original railsaver system designed by O&E, with sewn in anchor cord. Protects rails and is easily detached.

**LEASH SIZE LABEL**

Easily identify your leash sizes

**PLUG BUDDY**

Another O&E first. Ensures leash string can be easily slipped through surfboard plug.

**8MM DUAL ANCHOR STEEL SWIVELS**

Marine grade, stainless anti-corrosive free-spin swivels for tangle-free surfing.

**SAFETY RELEASE PULL TAB**

New PU 'Easy access' pull tab. Less resistance/drag. Essential when surfing big waves and reefs.  
\*Premium ONE-XT leashes only

**COMFORT STRAP\***

A slightly wider, contoured neoprene ankle strap. Prevents discomfort from leash strap pulling on your heel, ankle and achilles. It's all about comfort through design.  
\*Premium ONE-XT leashes only

WARRANTY  
**12**  
MONTHS

**WARRANTY**

Guaranteed against faulty workmanship or defective materials for 12 months from date of purchase.

**SAFETY RELEASE PULL TAB**

New PU 'Easy access' pull tab. Less resistance/drag. Essential when surfing big waves and reefs.  
\*Premium ONE-XT leashes only

**ANTI-SLIP STRAP**

Is an engineered raised non-slip silicone print, positioned on the inside of the neoprene ankle strap and minimises strap movement.

**WATER REPELLENT OUTER STRAP**

The strap's outer material is water repellent. Minimising the weight even when surfed.

**CURVED STRAP PLUG**

Designed for comfort which naturally curves around your ankle.

**ONE XT**  
**PREMIUM**

PREMIUM ONE - XT

**PREMIUM ALLROUND / COMP 6'0**

LC60XT

Light enough to surf a 2ft shorey, strong enough to charge a 5ft bombie. This 6mm cord has equal strength to competitor's 7mm moulded leashes.

Wave Size: 6ft (1.2m)  
Cord Ø: 6mm (1/4")  
Strap: 38mm

**PREMIUM 6'**

LP60XT

Your everyday leash. Ride up to 8ft waves. The premium 6 is so strong it will probably outlast your board.

Wave Size: 8ft (2.4m)  
Cord Ø: 7mm (9/32")  
Strap: 38mm

**PREMIUM 7'**

LP70XT

When the swell picks up so should the length in your leash. Waves up to 10ft.

Wave Size: 10ft (3.0m)  
Cord Ø: 7mm (9/32")  
Strap: 50mm

**PREMIUM 8'**

LP80XT

If you've got a step up board you need a step up leash. Charge waves up to 12ft.

Wave Size: 12ft (3.7m)  
Cord Ø: 7mm (9/32")  
Strap: 50mm

**ONE XT**  
**BIG WAVE**

Ocean & Earth is well known as the world's leading leash company for the past 40 years. This attribute comes from designing the best leashes for all waves breaking around our planet. We design the strongest leashes to withstand the biggest waves with surfer safety as priority. The Big Wave series has design features that make surfing these monster waves possible. "The belief to take it on. The product that makes it possible"

MATT BROMLEY

**QUICK RELEASE PIN**

A quick release, stainless steel pin that allows the leash to be separated from your board in dangerous hold downs. Large easy grab loop for easy release. A webbing anchor tape is attached to the pin and strap. You won't lose the pin when released.

**LONGER TRIPLE WRAP VELCRO ANKLE STRAP**

The power of monster waves can rip single velcro wrap leashes from your ankle. This specially designed triple wrap strap stays secure.

**EXTRA WIDE RAIL SAVER**

A wider, longer, stronger rail saver with extra triple wrap velcro adds to the strength and security. Also comes with two 4mm heavy duty leash plug cords for backup strength. Now with Leash Size identification label.

BIG WAVE ONE - XT

BLACK

**BIG WAVE 8'0**

LB80XT

Ride slabs up to 12ft with peace of mind knowing you have a quick release pin if you get caught on those sketchy ledges.

Wave Size: 12ft+ (3.7m+)  
Cord Ø: 9mm (3/8")  
Strap: 50mm

BLACK

**BIG WAVE 10'0**

LP10XT

Designed for 15ft+ waves. Man up and get out there!

Wave Size: 15ft+ (4.6m+)  
Cord Ø: 9mm (3/8")  
Strap: 50mm

BLACK

**BIG WAVE 12'0**

LP12XT

When size matters - If a set comes, let's face it... You're gonna GO!

Wave Size: 18ft+ (5.5m+)  
Cord Ø: 10mm (13/32")  
Strap: 50mm

BLACK

**BIG WAVE 15'0**

LP15XT

Built for the whatever the ocean has to throw at you!

Wave Size: 18ft+ (5.5m+)  
Cord Ø: 10mm (13/32")  
Strap: 50mm

A full-page photograph of a surfer in a dark wetsuit riding a longboard on a wave. The surfer is positioned in the center-left of the frame, leaning forward. The wave is breaking to the left, creating white spray. The water is a vibrant turquoise color. The sky is a pale, clear blue. The overall mood is dynamic and energetic.

**ONE XT**  
**LONGBOARD**

LONGBOARD ONE - XT

**ONE XT**  
**LONGBOARD PREMIUM 9'0**

LP90XT

All-round longboard leash with a longer railsaver.

Wave Size: 8ft (2.4m)  
Cord Ø: 7mm (9/32")  
Strap: 50mm  
Railsaver: Extra Long

**ONE XT**  
**LONGBOARD KNEE COMP 9'0**

LKC90XT

Lightweight leash, knee style perfect for hanging the toes over the nose.

Wave Size: 4ft (1.2m)  
Cord Ø: 6mm (1/4")  
Strap: 38mm Knee  
Railsaver: Extra Long

**ONE XT**  
**LONGBOARD KNEE PREMIUM 9'0**

LK90XT

If you can hang your toes over the nose use a knee strap. Tangle-free.

Wave Size: 4ft (1.2m)  
Cord Ø: 7mm (9/32")  
Strap: 38mm Knee  
Railsaver: Extra Long

A wide-angle photograph of a surfer riding a large, curling wave. The surfer is positioned in the center of the wave's barrel, wearing a dark wetsuit. The wave is a vibrant green color, and the water is splashing white foam. The background shows a vast expanse of blue ocean under a clear sky. In the foreground, there is a blurred, out-of-focus area of brownish vegetation, likely grass or reeds, which adds depth to the scene.

# DIAMOND FLEX

A D V A N C E D M O U L D E D D E S I G N

Advanced mould design with flex diamonds provides controlled flex. Designed to stretch with the urethane cord.

WARRANTY 12 MONTHS WARRANTY

12  
MONTHS

Guaranteed against faulty workmanship or defective materials for 12 months from date of purchase.

DIAMOND FLEX MOULD

Advanced mould design with flex diamonds. Provides controlled flex and strong transition from mould to urethane.

ORIGINAL DETACHABLE RAILS AVER

The original railsaver system designed by O&E, with sewn in anchor cord. Protects rails and is easily detached.

PLUG BUDDY

Another O&E first. Ensures leash string can be easily slipped through surfboard plug.

8MM DUAL ANCHOR STEEL SWIVELS

Marine grade, stainless anti-corrosive free-spin swivels for tangle-free surfing.

ANTI-SLIP STRAP

Textured non-slip neoprene, positioned on the inside of the ankle strap. Minimises strap movement.

FLEX NECK STRAP PLUG

Allows 360° movement of leash and offers more comfort when leash is under load.

DELUXE ANKLE STRAP

Double padded comfort strap. Lightweight, secure fit.

CONTROLLED-STRETCH URETHANE

Premium grade quality urethane developed by the world's leading manufacturer.

DIAMOND-FLEX Mould - Unstressed

## BOARDCOVERS

The 2026-27 surfboard cover range – APEX, HYPA & COR\_X a perfect blend of protection, refined shapes and innovation. Elevate your surfboard care with sleek designs that not only protect your boards from the elements, but also add a touch of sophistication. Our covers are crafted with cutting-edge materials for maximum durability, ensuring your boards stay in top condition. Embrace the future of surfboard protection with our innovative range that redefines the way you care for your boards, instilling trust for a lifetime, so you can hit the waves with peace of mind.

## APEX

PATENT APPLIED

The pinnacle of durability and innovation.  
Surf with no limits.

Embrace the future of surfboard protection with our innovative APEX 'XPS-IPS' protection systems, incorporating a structured external shell (XPS) for high-impact defence and internally positioned cushioning pads and compression straps (IPS) designed to cradle and safeguard your boards, instilling a lifetime of trust, so you can hit the waves with total peace of mind.

## HYP A

Performance meets design.  
Surf at the next level.

Introducing our HYP A surfboard travel cover range, meticulously crafted with (XP) extra protection for the nose, tail, and rail. Featuring refined shapes that not only embody performance design, but also ensure trusted and reliable protection for your quiver of boards.

## COR\_X

Quality you can trust.  
Surf with confidence.

Quality surfboard cover at great value with all the important features to keep your beloved surf boards safe. Your everyday cover.

Australian Surf Industry Awards

APEX

**XPS**

**EXTRA PROTECTION SYSTEM**

Structured outer shell. Strategically positioned at nose, tail and rails to protect against high impacts.

**ARMOUR PLATE**

Tough, tear proof, water repellent fabric

**ANTI-IMPACT MOULDED FOAM**

Cushions your boards from high impacts  
(nose/tail)

**HIGH IMPACT INNER BOARD**

Stiff board stops impacts  
(nose/tail/rail)

# APEX

## EXTERNAL FEATURES

PATENT APPLIED

PATENT APPLIED

### YPS EXTRA PROTECTION SYSTEM

Structured outer shell. Strategically positioned at nose, tail and rails to protect against high impacts.

### AIRCON VENT

The integrated vent enhances breathability and regulates temperature to prolong your board's life.

### CUSTOM WHEEL SYSTEM

Heavy duty inline bearing system. Positioned on the end of the cover for easy dragging or stand the cover upright to roll into lifts.

\*Selected styles only

### EXTERNAL COMPRESSION STRAPS

Minimises board movement in transit

\*Selected styles only

### ANTI SHOCK SHOULDER STRAP

The stretchy shoulder strap offers flexibility and comfort, adjusting effortlessly to your movements.

### TOP LOAD HANDLES

Strategically positioned handles to help baggage handlers move your prized possessions with ease through the airport.

### SKID PLATE

Durable layer on the bottom, designed to reduce abrasion and protect the cover and surfboards during transport.

### HEAVY DUTY, LOCKABLE ZIPPERS

### ERGONOMIC CARRY HANDLE

### SHOULDER STASH POCKET

### ARMOURWEAVE. LIGHT, TEAR-PROOF FABRIC

# iPS

## INTERNAL PROTECTION SYSTEM

Strategically positioned cushioning pads and compression straps designed to cradle and protect your boards.

### NOSE PADS

Strategically positioned cushioning pads redirects the stress away from the fragile point of your nose.

### SURFBOARD CRADLE PADDED DIVIDER

Strategically positioned cushioning pads designed to cradle and protect your boards.

### NOSE + TAIL PADDED BUMPERS

Forget about bubble wrap. Extra padding to further protect the most fragile parts of your boards.

PATENT APPLIED

INTERNAL FEATURES

**iPS NOSE CUSHIONING PADS**

Strategically positioned cushioning pads redirects the stress away from the fragile point of your nose.

**iPS BOARD CRADLE PADDED DIVIDER**

Strategically positioned cushioning pads designed to cradle and protect your boards.

**iPS PADDED INTERNAL COMPRESSION STRAPS**

Minimises board movement whilst in transit: boards arrive at the destination the same way you packed them.

**iPS NOSE + TAIL PADDED BUMPERS**

Forget about bubble wrap. Extra padding to further protect the most fragile parts of your boards

**AIRCON VENT (INTERNAL)**

The integrated vent enhances breathability and regulates temperature to prolong your boards life.

**PADDED FIN POUCHES**

Positioned in the rail of the cover. Each pouch has separate sections, so your fins don't touch each other.

**AIRTAG POCKET**

Know exactly where your gear is with the Airtag pocket.

**HANGING HOOK**

Patented removable hanging hook. Hang cover with ease.

**LIGHTWEIGHT LINING**

Water repellent, internal lining.

10'0	4.59 kgs

Fits boards up to 25" wide

#### EXTRA PROTECTION SYSTEM

Structured outer shell. Strategically positioned at nose, tail and rails to protect against high impacts.

#### ARMOUR PLATE

Tough, tear proof, water repellent fabric

#### ANTI-IMPACT MOULDED FOAM

Cushions your boards from high impacts (nose/tail)

#### EXPANDABLE TAIL GUSSET

Zip closure for use with or without fins.

**HYP A**

**Performance meets design.  
Surf at the next level.**

Introducing our HYP A surfboard travel cover range, meticulously crafted with (XP) extra protection for the nose, tail, and rail and featuring refined shapes that not only embody performance design but also ensure trusted and reliable protection for your quiver of boards.

## EXTRA PROTECTION

Extra protection in high impact areas:  
nose, tail and rails.

### ARMOURWEAVE

Tough, tear-proof, water-repellent fabric

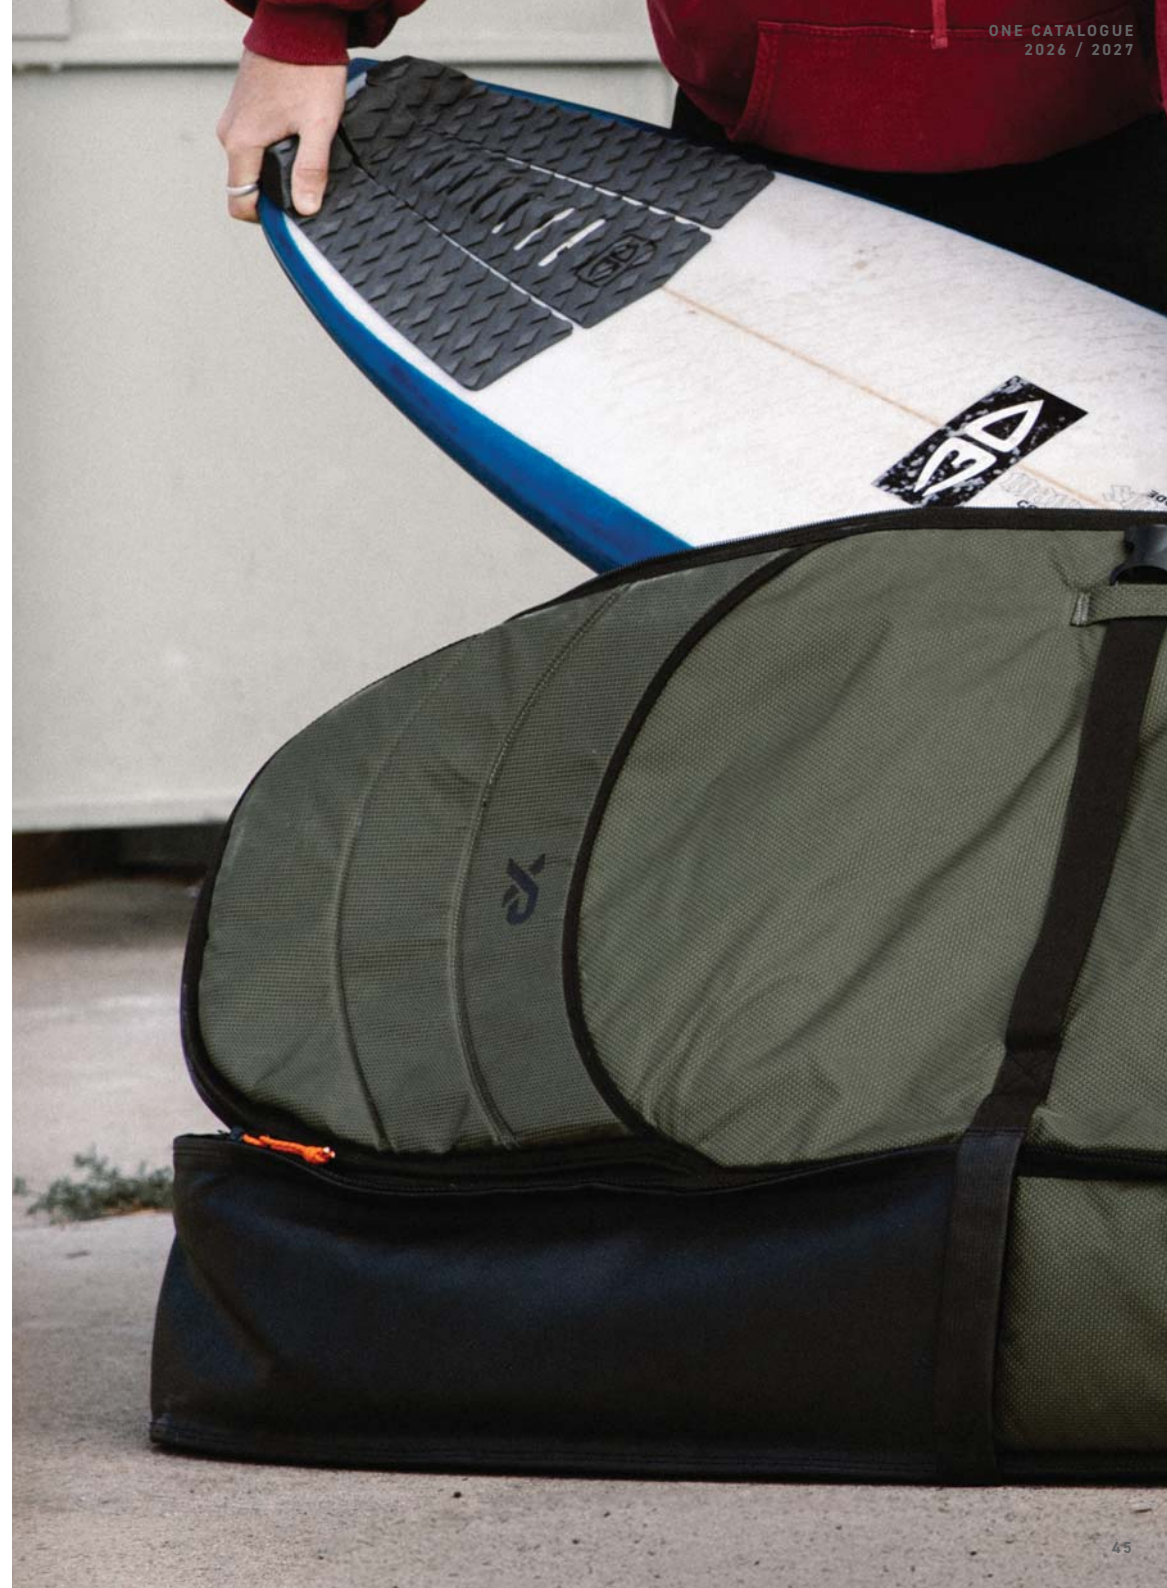

### ANTI-IMPACT FOAM

Protects your boards from high impacts

### DOUBLE PADDED SIDE WALL (20mm)

## Performance meets design. Surf at the next level.

A compact fitting cover designed for carrying multiple shortboards. The moulded rubber side wall adds an extra layer of protection. Ideal for domestic or international surf trips.

### ARMOUR WEAVE

Tough, tear proof, water repellent fabric.

### ANTI-IMPACT FOAM

Protects your boards from high impacts.

### ARMOUR WEAVE [LIGHT]

Lightweight, tough, tear proof, water repellent fabric.

### ANTI-SHOCK FOAM

10mm shock absorbing foam.  
All over protection for your boards.

### SHOULDER STRAP

20mm padded detachable strap:  
extra comfort and stashes into pocket.

### ARMOUR WEAVE

Tough, tear proof, water repellent fabric.

### ANTI-IMPACT FOAM

Protects your boards from high impacts.

### MOULDED RUBBER SIDE WALL (20mm)

10mm Anti-Impact foam +  
10mm Anti-Shock foam.

### SEWN IN PADDED DIVIDER

Protects and separates boards plus  
minimises wax transferring.

### INTERNAL COMPRESSION STRAPS

Minimises board movement whilst in  
transit: boards arrive at the destination  
the same way you packed them.

### LIGHTWEIGHT LINING

Water repellent, internal lining.

### HEAVY DUTY ZIPPERS

Large lockable zipper heads.  
Extra security for your boards.

### INTERNAL STORAGE POCKET

An oversize velcro pocket for all of your  
surf accessories.

### HANGING HOOK

Patented removable hanging hook.  
Hang cover with ease.

DAKODA WALTERS

#### LIGHTWEIGHT DESIGN

The thinnest base available, without compromising strength or adhesion. Added perforation on some styles reduces weight even more.

#### WATERPROOF EVA

Developed to improve all round performance in our technical grips. CC55 Closed Cell EVA is lighter, waterproof and super thin.

#### BASE FLEX

Base Flex groove at the base of the tail kick helps the grip mould to the board for superior adhesion.

- 25mm POWER Kick
- 25mm POWER Vert
- 36mm POWER Kick (Extra High)
- 37mm POWER Scoop (Extra High)

#### POWER KICK

High density EVA foam wedge inserted into the tail kick resulting in increased control and drive.

#### SUPERIOR ADHESIVE BACKING

3M high grade adhesive formula, developed for EVA offers maximum, long lasting adhesion.

PRO SERIES

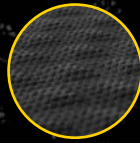

# LITE TRAC

LIGHTWEIGHT + RESPONSIVE + THINNER + MOULDED TRACTION

Unique EVA traction that has been compressed and finished with our Multi Directional dotted LiteTrac moulded technology. This unique traction combined with LiteTrac moulded tech will become grippier when wet.

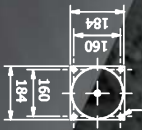

## LIGHTWEIGHT - SIDE PIECES

Pro Design tread pattern with LiteTrac Moulded tech

## RESPONSIVE - CENTRE PIECE

Horizontal grooved lines increase the sensitivity between the back foot and board, topped with LiteTrac Moulded tech

PRO SERIES  
TP 64

LENGTH: 330mm  
WIDTH: 300mm  
ARCH: 7mm  
KICK: 25mm

A throw back to the surfing inspired from the 80's and 90's when full coverage was the norm. Kodes's surfing is lightning fast and he spends most of his time above the lip.

Dakoda's signature tail pad has a combination of multi-directional groove patterns. Diamond square on the sides to lock your toes and heel in and brushed corduroy on centre piece with slotted grooves on all three pieces to minimise weight.

IDEAL BOARD: Everyday shortboard

TYPE OF SURFER: Speed / control in the air

Hailing from the wave-rich, slab-heavy South East Coast of Australia, Lennix "The Beagle" Smith is one of Australia's most exciting up-and-coming talents. Regarded for charging dry reef slabs, stacking points in heats, and wearing a trademark cheeky grin, the sky's the limit for The Beagle.

Built to match Lennix's powerful, dynamic surfing, it features a 30mm vertical kick, giving you a solid platform to drive hard off the back foot. The kick has been chamfered to reduce drag through bottom turns, keeping speed and control where it matters most.

The tail profile has been pulled in to mirror modern performance board design, fitting perfectly with squash and round tail shortboards.

IDEAL BOARD: Everyday shortboard  
SURFER TYPE: Speed, power, and all-around performance

#### RUBBER COVERED CAM BUCKLES

Strong, secure, rust-proof buckles with rubber casing for scratch prevention.

#### PVC TOP LAYER

Easy to wipe clean excess wax or grime left on top of pads.

#### WEBBING

High strength. UV treated and tested. Tight weave for strength and soft hand feel to help prevent scratching.

#### FITS MOST CARS

Simple attachment through doors to fit most vehicle makes.

#### RAISED EVA FOAM PADS

Extra high EVA foam pads. Keeps handles and zips of board-covers clear of car roof. The padded base has a soft fabric to prevent scratching.

## QUICK RAX

SARX15

LOAD: 1-3 SHORTBOARDS, 1 LONGBOARD OR 1 SUP

- Protective Rubber Cam Buckle
- Soft, flexible & secure
- Easy to attach & remove
- Suits cars without roof gutters

## RAP RAX

SARX01

LOAD: 1-4 SHORTBOARDS, 2 LONGBOARDS OR SIMILAR LOADS

- Protective Rubber Cam Buckle
- Aerodynamic pads
- Soft, flexible and secure
- Easy to attach & remove
- Suits cars without roof gutters

## MULTI PURPOSE RAX

SARX17

FOR SURFBOARDS / SUP / LONGBOARDS

LOAD: 4 SURFBOARDS, 2 SUPS OR 2 LONGBOARDS OR COMBO OF SIMILAR LOAD WEIGHT

- Protective Rubber Cam Buckle
- Webbing anchor straps designed to suit varying load widths
- Extra wide, heavy duty 38mm webbing
- Aerodynamic pads
- Soft, flexible and secure
- Easy to attach & remove
- Suits cars without roof gutters

## TIE DOWN STRAPS

8'0" / 2.5M SARX05  
12'0" / 3.6M SARX06  
16'0" / 4.8M SARX10

SURFBOARD CARRYING STRAPS

- Durable, 25mm width webbing
- Protective Rubber Cam Buckle
- Velcro loop to secure excess webbing strap
- Easy to attach & remove
- Storage Bag

## SUP/LONGBOARD TIE DOWN STRAPS

10'0" / 3.0M SARX44  
14'0" / 4.2M SARX19

EXTRA WIDE SUP / LONGBOARD CARRYING STRAPS

- Extra wide, heavy duty 38mm webbing
- Protective Rubber Cam Buckle
- Velcro loop to secure excess webbing strap
- Easy to attach and remove
- Designed for cars with roof racks
- Storage Bag

REUSABLE STORAGE BAG

Durable, zip-close bag. Handy for storage or transportation.

## RAX PADS - SMALL

SARX08

SURFBOARDS, LONGBOARDS, SUPS OR SIMILAR LOADS

- Length : 500mm (20") Width : 100mm (4")
- Added protection for surfboards
- Aerodynamic EVA moulded pads
- Padding for flat bar type racks only. Couple with O&E Tie Downs to vehicle roof racks.
- Attach with adjustable velcro securing system.

## RAX PADS - LARGE

SARX50

SURFBOARDS, LONGBOARDS, SUPS OR SIMILAR LOADS

- Length : 900mm (36") Width : 100mm (4")
- Added protection for surfboards
- Aerodynamic EVA moulded pads
- Padding for flat bar type racks only. Couple with O&E Tie Downs to vehicle roof racks.
- Attach with adjustable velcro securing system.

## RAX PADS - ROLL BAR

SARX47

SURFBOARDS, LONGBOARDS, SUPS OR SIMILAR LOADS

- Length : 560mm (22")
- To suit roll bars for added protection for loads
- EVA moulded U shape pad
- Secure pad to roll bar with the webbing tie down
- Couple with O&E Tie Downs to secure your load

## TAIL GATE

SARX13

1-2 SURFBOARDS, LONGBOARDS OR SUPS

- Surf Board carrying Rax for utility type vehicles
- Ultra soft fleece liner- protects your vehicle's finish
- Moulded silicone buckle covers for car protection
- Padded buckle pads for tailgate protection
- Fits all types of tailgates

## BOARD STORAGE

Keeping your entire quiver neat and tidy in-between surfs.

Made from high quality materials, designed to last. Storage products that compliment your lounge room and turn your board into a display piece.

### SINGLE VERTICAL SURFBOARD DISPLAY RACK

SARX41

FITS:1 BOARD

- Fits board WIDTH: 21.5" (55mm)
- Fits board THICKNESS: 3" thick (75mm)
- H 630mm X W 370mm X D 500mm (ASSEMBLED)
- Ideal for displaying and making your boards a show piece
- Holds one surfboard in a vertical position
- Heavy duty powder coated steel construction
- Rubber protection tubing for fins and rails

### WALL/VAN SURFBOARD RACK

SARX27

FITS: 1 SURFBOARD

- Board racks for mounting to wall studs / van walls
- H 470mm X D 150mm
- Strong aluminium construction
- Foam padding protects your board

### FREE STANDING RACK

SARX29

FITS:1-4 BOARDS

- H 1220mm X W 740mm X D 600mm (ASSEMBLED)
- Rust free aluminium frame
- 50mm padded EVA foam protective sleeves
- Ideal for apartment or garage
- No fixing to walls required / no need to punch holes in walls keeps landlords & the Mrs happy

### SHORTBOARD TIMBER WALL DISPLAY RACK

SARX45

FITS: 1 SURFBOARD

- Board racks for mounting to wall
- H 335mm X D 190mm X W 35mm
- Turns your board into a display piece
- Foam padding protects your board
- Suits all board lengths to weights of 10kg

### LONGBOARD TIMBER WALL DISPLAY RACK

SARX48

FITS: 1 BOARD

- Board racks for mounting to wall
- H 320mm X W 360mm X D 35mm
- Turns your board into a display piece
- Foam padding protects your board
- Suits all board lengths to weights of 10kg

## BOARD STORAGE

### TIMBER FREE STANDING RACK

SARX40

FITS: 1-4 BOARDS

- H 1470mm X W 680mm X D 640mm (ASSEMBLED)
- Turns your board quiver into a display piece
- Curved timber ribs with clear finish
- 50mm padded EVA foam protection sleeves for tails and rails of boards
- No fixing to walls required

### INVISIBLE WALL DISPLAY RACK - HORIZONTAL

SARX52

FITS: 1 SURFBOARD

- Display your prized possession and make your board a show piece
- H 335mm X D 190mm X W 35mm
- Focus is all on your boards as racks are almost invisible
- Horizontal or angled display rack using quality polished invisible acrylic
- Board rails are supported by cushioned bumpers
- Suits all board lengths to weights of 10kg

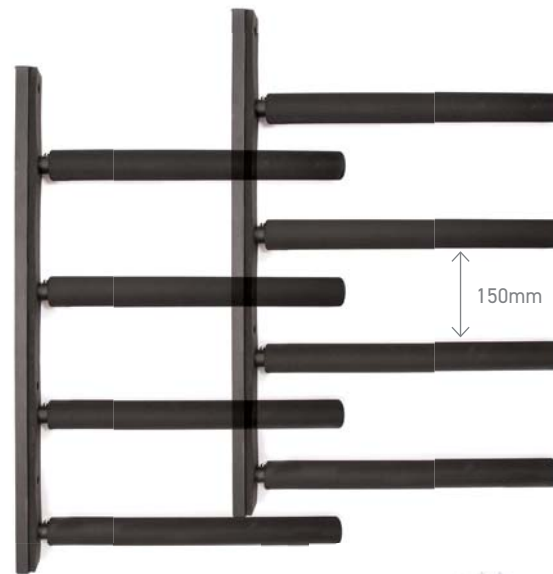

### INVISIBLE WALL DISPLAY RACK - VERTICAL

SARX51

FITS: 1 SURFBOARD

- Display your prized possession and make your board a show piece
- Focus is all on your boards as racks are almost invisible
- Vertical display rack up using quality polished invisible acrylic
- Adjustable rail arms on centre bracket to suit boards 17.5" to 23.5" wide
- Suits all board lengths to weights of 10kg
- Choice of 2 tail attachments included; suits all board types with or without fins

### SURFBOARD STACK RACK PAIR

SARX11

1-4 BOARDS (WITH FIN) HORIZONTAL STACKING OR UP TO 8 BOARDS WITHOUT FIN

- 1-8 boards vertical stacking (with fins) or up to 16 boards without fins
- W 780mm X D 500mm (ASSEMBLED) X2
- Heavy duty metal frame
- 50mm protective EVA padded sleeves
- Includes hardware for attaching to wall

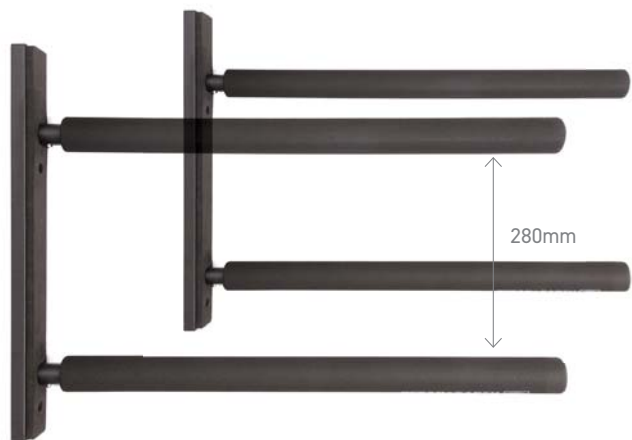

### SURFBOARD STACK RACK SINGLE

SARX38

1-4 BOARDS (WITH FIN) VERTICAL STACKING OR UP TO 8 BOARDS WITHOUT FIN

- W 780mm X D 500mm (ASSEMBLED)
- Heavy duty metal frame
- 50mm protective EVA padded sleeves
- Includes hardware for attaching to wall

## BOARD STORAGE

### SUP/ LONGBOARD STACK RACK PAIR

SARX32

FITS 1-2 BOARDS WITH FINNS OR 4 BOARDS WITHOUT FINNS

- D 700mm X H 470mm (ASSEMBLED) X2
- Heavy duty metal frame
- Holds boards up to 34" wide
- 60mm protective EVA padded sleeves
- Includes hardware for attaching to wall

### SUP / LONGBOARD WALL RACK

SARX33

FITS 1 BOARD

- H 450mm X W 280mm
- Wall storage for 1 board
- Heavy duty metal frame
- 50mm protective EVA padded sleeves
- Detachable arms for when not in use
- Suits all board lengths up to 15kgs

### EVA PADDED FLOOR MAT

SARX37

1-4 BOARDS (WITH FINNS) VERTICAL STACKING OR UP TO 8 BOARDS WITHOUT FINNS

- W 760mm X D 460mm X H 20mm
- Protects surfboard tails, cushioning them from the ground, preventing damage
- High quality 20mm thick EVA. Grooved surface stops boards slipping
- Use with Ocean & Earth stack rax (sold separately) to store your surfboards

## BIKE RACKS

## SIDE LOADER BIKE RACK

SARX24

FITS: 1 BOARD

- Fits most bikes, including mountain bikes
- Attaches easily under seat post (25mm to 32mm Ø)
- Anodised, rust resistant aluminium frame
- Adjustable EVA padded arms - fits most board sizes up to 8'
- A safe way to ride to the beach - board secure by your side
- Strong, durable construction - doesn't damage your bike
- Tie downs to secure surfboard

## REAR MOUNT BIKE RACK

SARX07

FITS: 1 BOARD

- Fits most bikes
- Attaches easily to seat post
- Strong aluminium frame
- EVA Padded arms - protects surfboard
- A safe way to ride to the beach
- Strong, durable construction - won't damage your bike
- Elastic straps to secure surfboard

## MOPED RACK

SARX49

FITS: 1 BOARD

- Universal fit for most E-bikes, scooters, mopeds or motorbikes with rear luggage racks
- Anodised, rust resistant aluminium frame
- Adjustable EVA padded arms - fits most board sizes up to 8'
- Soft padded EVA foam to protect your board
- Tie Downs to secure your board
- Easy 1 off installation with included Allen key
- Constructed in sections so it can be taken apart for quick and easy storage

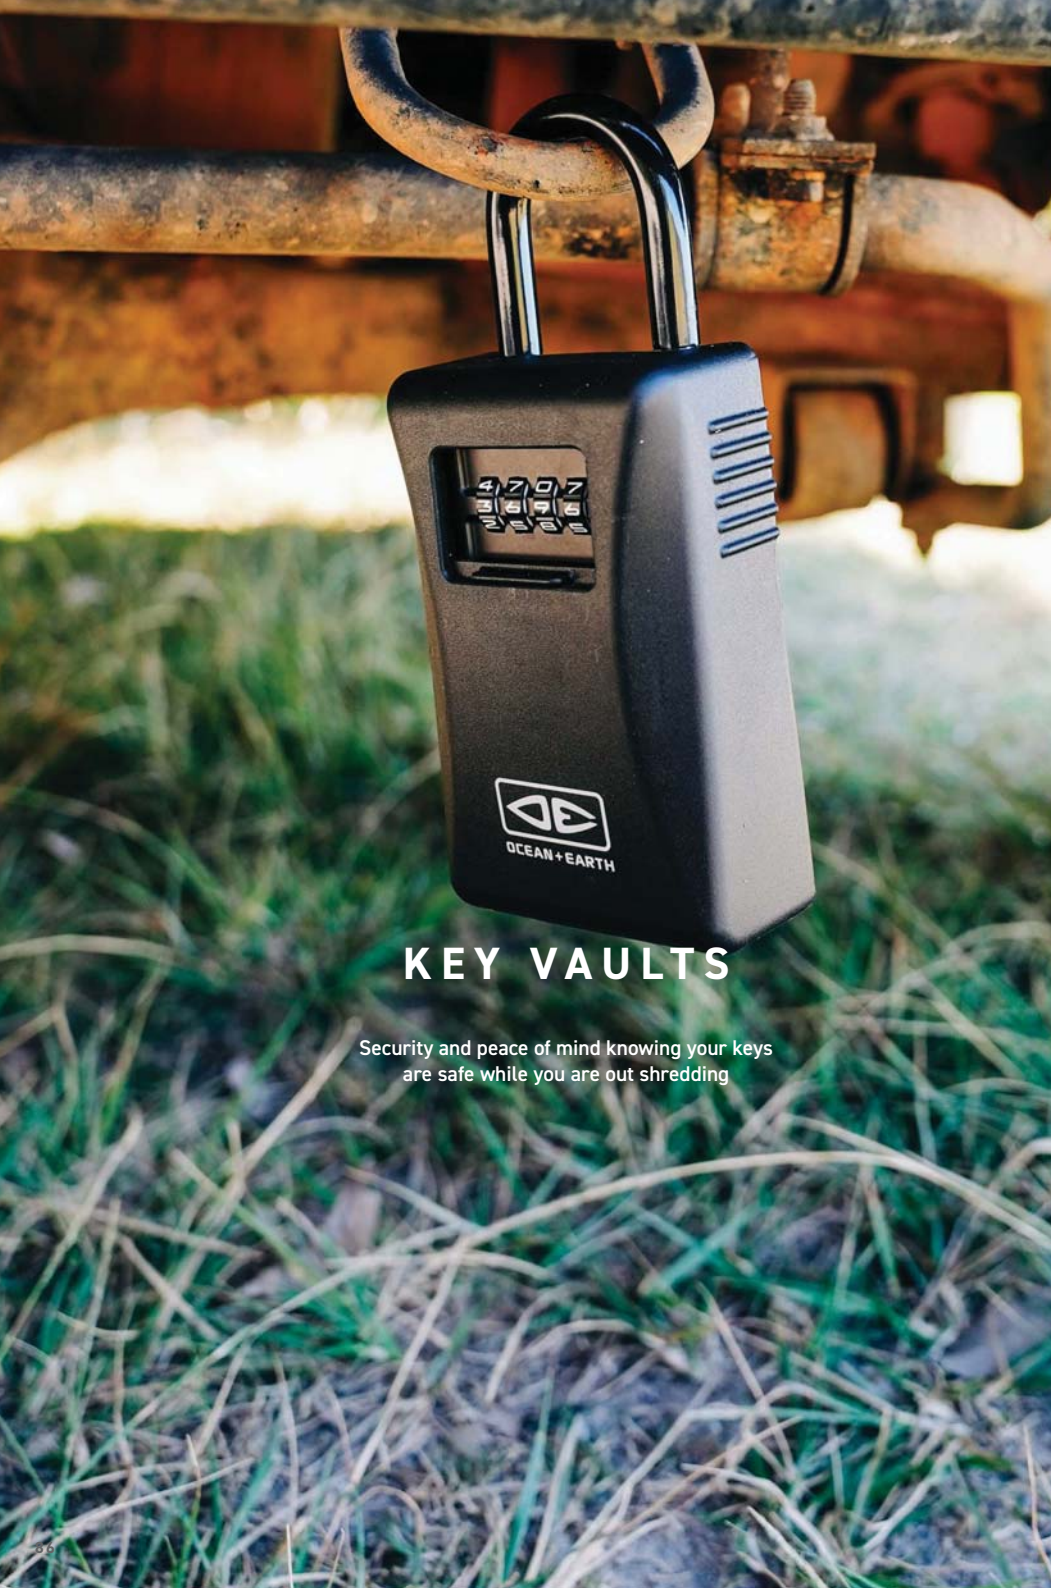

## HOIST CEILING RACK

SARX30

FITS: 1-2 SUP / LONGBOARDS OR 4 SURFBOARDS

- Heavy duty pulley system
- Adjustable height
- Holds up to 40kgs
- Easy installation for garage ceilings

## KEY VAULTS

Security and peace of mind knowing your keys are safe while you are out shredding

### COMPACT KEY VAULT

SARX43

SAFE KEY STORAGE WHILE SURFING

INTERNAL KEY COMPARTMENT SIZE:  
67mm WIDE x 26mm HIGH x 22mm DEEP

- Dial code combination locking
- Compact size
- Heavy duty toughened steel metal case
- Weatherproof

### KEY VAULT

SARX28

SAFE KEY STORAGE WHILE SURFING

INTERNAL KEY COMPARTMENT SIZE:  
69mm WIDE x 74mm HIGH x 22mm DEEP

- Dial code combination locking
- Large key storage area - fits most key types
- Heavy duty toughened steel metal case
- Weatherproof Cover

\* Recommended with Signal Blocking Pouch

## KEY VAULTS

### HEAVY DUTY KEY BANK

SARX36

SAFE KEY STORAGE WHILE SURFING

INTERNAL KEY COMPARTMENT SIZE:  
54mm WIDE x 100mm HIGH x 26mm DEEP

- Push button combination locking system
- Large key storage area - fits most key types
- Heavy duty toughened steel metal case with weatherproof protective outer rubber covering

\* Recommended with Signal Blocking Pouch

### SIGNAL BLOCKING KEY POUCH

SARX53

- For close proximity car keys
- Constructed using technical materials that block signals from close proximity car keys
- Designed for use inside key vaults

1. Lock your car
2. Place proximity car key inside pouch
3. Seal pouch, then place inside key vault
4. Lock key vault

### TRAVEL LOCK

SARX46

Keep your equipment safe and secure with our compact surf travel lock. This lock was designed to be transported by the U.S. Transportation Security Administration (TSA) and allows the TSA to be able to unlock your bag using special access codes and tools if the need arises for a baggage search. This lock can then be relocked by the TSA with no damage to the lock on your travel bag / board cover.

- Use with Ocean & Earth travel cover's lockable zipper heads

# RESIN & REPAIR KITS

We have you covered no matter what repair job you need to do, whether you are travelling or at home.

## POLY 1oz

SOLARCURE RESIN

Plug buddy ensures leash string can be easily threaded through surfboard plug.

**PADDLE COIL CORD**

SASS04

SUITABLE FOR ALL PADDLE SPORTS

- 7mm coiled urethane
- Diamond Flex moulded ends
- Double swivel

A high-angle, wide shot of a surfer riding a massive, curling wave. The wave is a deep, dark teal color, with a thick, white, foamy crest that is curling over. The surfer is positioned in the lower right quadrant of the frame, riding the base of the wave's face. The surfer is wearing a black wetsuit and is leaning forward, with their arms extended for balance. The surfboard is visible, with a red and black design. The overall scene is dynamic and powerful, capturing the raw energy of the ocean.

## TOW SERIES

Serious equipment for serious situations. Built with the strongest materials and best workmanship available, then tested in the most extreme conditions.

MAX MCGUIGAN

T O W   S E R I E S

TSHD02

316 STAINLESS 8MM BOW SHACKLE

TSHD01

## SOFT BOARDS

O&E softboards have fuller, versatile template shapes that suit entry level surfing, right through to small wave shredding. Constructed from durable, high quality materials.

NEW

RAZOR

Learn to surf micro groms. Beginner to intermediate grommets.  
Foam out no matter how good the waves are.

NEW

EZI  
RIDER

Learn to surf - first board in your quiver from groms to adults.  
Intermediate to advanced. Even if the waves are bad never miss a  
single session. Built for fun!

Happy  
HOUR  
XPS

EPOXY / SOFT

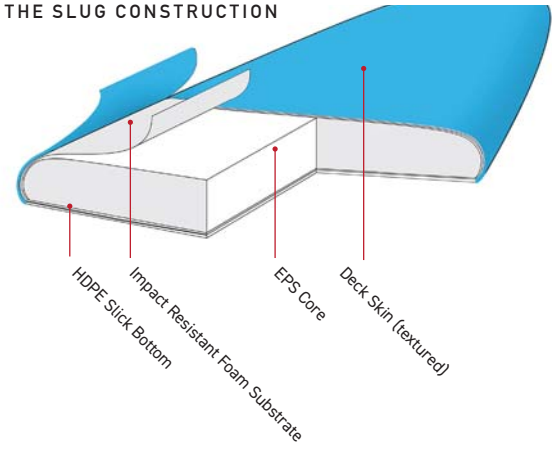

Stiff, epoxy construction suited to the surfer wanting more  
performance, but without losing the fun of a soft board.  
Looks like a soft board, rides like a real board.

The Slug gives young grommets an easy, confidence-boosting start in the waves. Its surfboard-inspired shape feels natural under the arms, helping groms glide through the water and towards their first real rides.

Built-in handles make it simple to grip and stay steady, so kids can focus on the fun of catching waves rather than worrying about holding on. And because it's nice and narrow, paddling and diving under waves becomes smoother and more manageable—helping them build skills and enjoy every moment in the surf.

**THE SLUG CONSTRUCTION**

- CORE: EPS + 2 Stringers
- DECK: IXL
- BOTTOM: HDPE with mesh
- FIN BOX: Interchangeable Bolt Thru (5'2, 5'6, 6'0)

**PROVEN SHAPES**

Designed by professional surfboard shapers and refined over 30 years, Ezi-Rider template shapes are tested and proven to be the best.

**IXL-WBS DECK SKIN**

Crosslinked IXL PE skin with WBS (Water Barrier Skin). Highly water resistant and extremely durable. Excellent grip and impact resistant.

**EPS CORE**

EPS (Extruded Polystyrene) moulded core. Highly waterproof, lightweight and buoyant.

**HDPE BOTTOM PLATE**

1mm thick HDPE high density polyethylene plate. Durable, extra strength performance slick.

**INTERCHANGEABLE FIN BOX SYSTEM**

Compatible with most major fin brands to increase board performance. Allows quick and easy fin changing with a fin key.

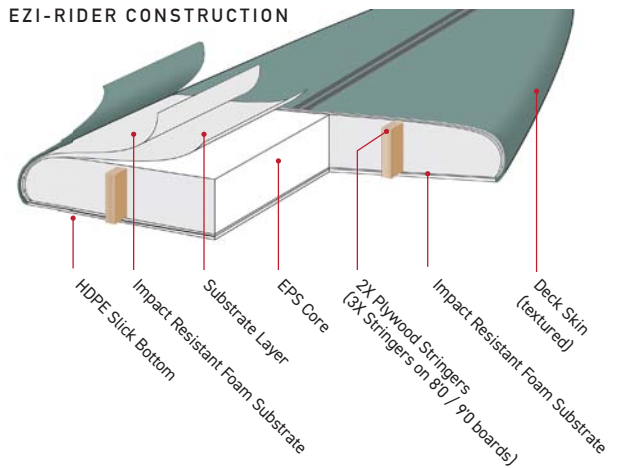

# EZI RIDER

## BUILT FOR FUN

The most durable softboard on the market with the best all round shape and design.

**EZI-RIDER CONSTRUCTION**

To help protect against delamination, all Ezi-Rider softboards are tested in a heat induced environment at 70°C for two hours.

★★★★★

## EPOXY / SOFT SERIES

It's the leader of the pack and one of the most versatile boards in the Creative Army Range. Its modern rocker makes for precise turns, fast trimming and awesome tip time.

Perhaps you are a long boarder that wants a board to nose ride, but still wants to be able to turn in those waves that aren't your perfect point setup? Or you are just learning and want to have some fun? Then this is the board for you!

THE KK EPOXY SOFT

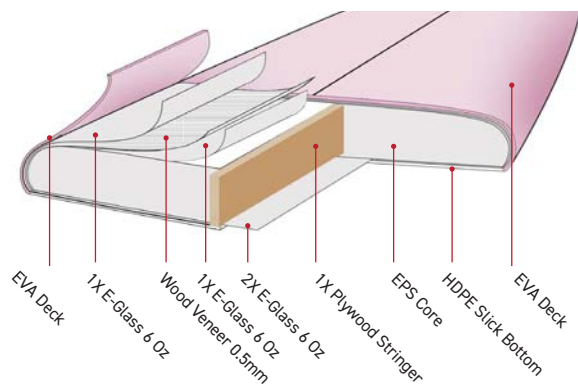

EPOXY / SOFT SERIES

The KK, is a mid-length beauty that is crafted with the modern female surfer in mind, blending effortless handling with exceptional performance. Imagine gliding smoothly into waves with a board that feels like an extension of yourself. The KK's manageable length makes it easy to handle and manoeuvre, whether you're carving through small, gentle swells or charging bigger, more powerful waves. With its extra volume around your chest, it gives you that longboard glide and stability when paddling into waves that most shorter boards lack.

Its sleek design and pulled-in tail allow for fluid, stylish turns, making your movements on the water both graceful and powerful. Plus, its compact size fits comfortably in your car, so you can take your surfing spirit wherever your heart desires, whether it's a spontaneous beach trip or a weekend getaway.

This is a beautiful board to have in your quiver and ticks so many boxes! The KK board awaits, ready to take you wherever your surfing dreams lead.

## EPOXY / SOFT SERIES

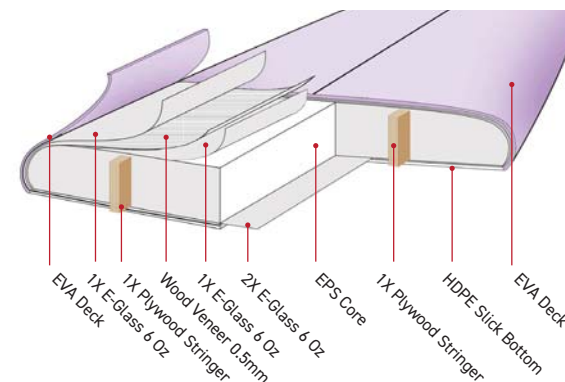

If versatility is what you're after, the Sar Bear will quickly become your best friend. Designed to handle everything from knee-high waves to overhead swells, this board adapts seamlessly to any conditions, keeping you both competitive and confident in the line-up.

The Sar Bear features an extended flatter mid-section, making it the best paddler among its peers and increasing your wave count significantly. Its slightly pulled-in nose prevents unwanted chop from affecting your ride, especially during late take-offs. The subtle nose concave offers exceptional stability for nose riding, letting you enjoy a smooth, controlled ride on the nose.

Its vee bottom and adjusted fin placement, makes it flow and transition smoothly from rail to rail.

Sar Bear delivers a smooth, dynamic ride session after session, ensuring you leave the water satisfied every time.

# Happy HOUR XPS

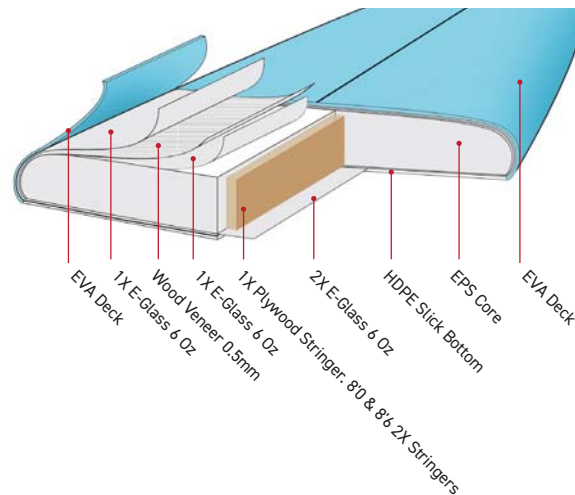

## EPOXY / SOFT SERIES

Constructed with lightweight EPS core and glassed in epoxy for stiffness with a soft EVA deck and soft bottom.

Designed for both fun and performance with an outline, bottom curve and evenly proportioned thickness all combining to make wave catching and manoeuvrability a breeze. A narrower tail shape and fuller nose combine to create an exceptionally versatile board added to a combination of many potential fin setups takes this board to an even higher level of performance.

SURF SCHOOL SOFTBOARDS

# SSB

Constructed using the highest quality materials and quality control, the SSB board range is not only designed for the best performance, but also extreme durability.

"The SSB are hands down the best learn-to-surf boards I have used. The construction is top quality and the design template makes for excellent speed and stability. Suitable for both beginner and intermediate level surfers."

Shane Wehner  
Former WCT surfer  
1999 WCT Pipeline Masters 2nd  
[www.brouleesurfschool.com.au](http://www.brouleesurfschool.com.au)

"The performance and durability of the SSB boards is unmatched. Due to the refined template design I can teach kids from beginner to intermediate with much quicker results."

Trent Munro  
2005 ASP World #5  
2005 WCT Bells Pro champion  
2001 WCT Rio Surf champion  
[www.trentmunro.com](http://www.trentmunro.com)

"Kids really enjoyed the new SSB boards and they performed much better on the waves than other boards. We tested them over a long summer season and they held up very well. So durable!"

Pam Burrridge  
1990 ASP World Champion  
[www.pamburrridge.com](http://www.pamburrridge.com)

# SSB

## REFINED TEMPLATE SHAPE

The SSB Surf School softboard range features template shapes designed by former ASP world #5 Phil 'Macca' Macdonald, specifically aimed for performance and durability, for beginner and intermediate level surfers. Just like standard surfboards, learn-to-surf boards need to be designed to maximise the surfer's ability at any level. The SSB board has been computer shaped to create a high performance learn to surf board, which allows quicker progression in surfing ability in all age groups.

### NOSE ROCKER

Increased nose rocker for less nose diving and easier paddling through waves

### TEMPLATE SHAPE

Foam distributed evenly throughout like a surfboard for better performance

### DECK GRAPHICS

Designed to aid with foot placement for beginner surfers

### EPS CORE

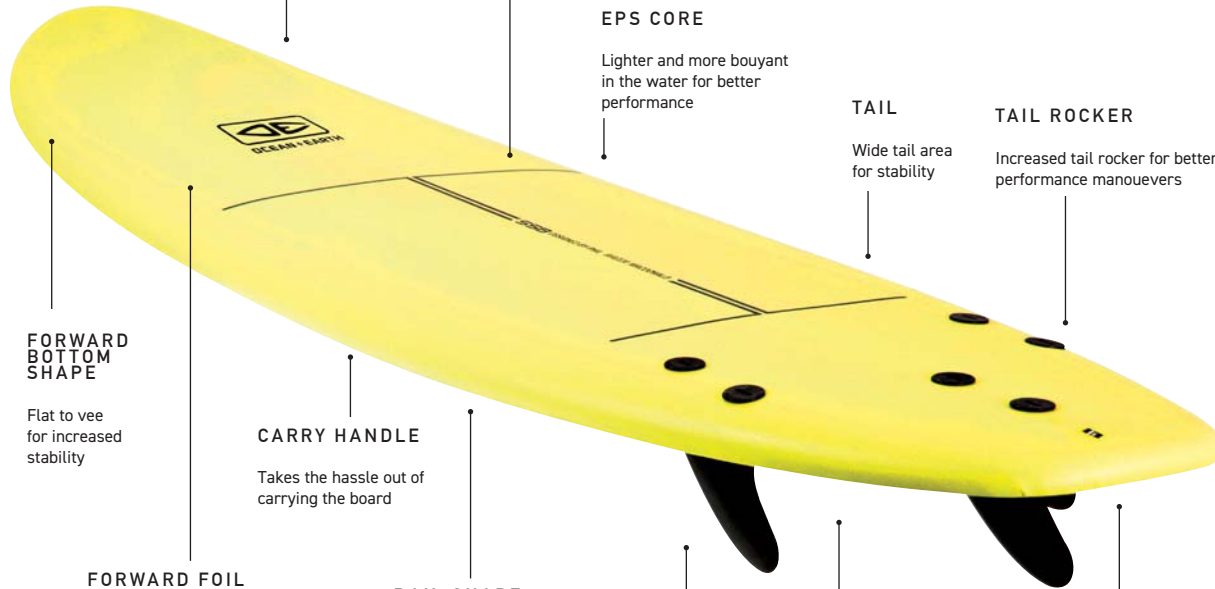

Lighter and more bouyant in the water for better performance

### TAIL

Wide tail area for stability

### TAIL ROCKER

Increased tail rocker for better performance manoeuvres

### FORWARD BOTTOM SHAPE

Flat to vee for increased stability

### CARRY HANDLE

Takes the hassle out of carrying the board

### FORWARD FOIL

Increased thickness in front section for easier paddling and stability

### RAIL SHAPE

Computer shaped rails for surfboard-like performance. Eliminates catching and assists in turning

### FINS

3x soft, replaceable PU 100mm fins

REPLACEMENT FINS AVAILABLE

### BACK BOTTOM SHAPE

Double concave for increased speed

### TAIL SHAPE

Square tail for stability and performance

OCEAN & EARTH  
HERITAGE COLLECTION

A throwback to our heritage and  
the golden days of surfing.  
When line ups were empty and  
boards were designed to simply glide.  
Some things change but  
one thing remains the same ...  
**SURF YA LIFE AWAY**

REEF WALKER BOOTIE

SMWE40

The Reef Walker Bootie is ideal for walking over reefs in and around the ocean. The rubber sole will help protect your feet from sharp coral reef cuts and abrasions.

- Lightweight 1mm neoprene
- Rubber sole- grippy and resistant to cuts and tears
- Ventilated Mesh upper - A breathable material designed to increase air flow around your feet
- Comes in a mesh storage bag

XS: shoe size 6  
S: shoe size 7-8  
M: shoe size 8-9  
L: shoe size 9-10  
XL: shoe size 10-12  
2XL: shoe size 12-13

SLIDE ON WETTY SLIPPERS

SMWE34

- Lightweight nylon ripstop fabric
- Slide into a tight fitting or wet wetsuit with ease.
- Use on both legs and arms

### HIGH N' DRY WETTY BUCKET

AMMC55

#### COLLAPSIBLE WETTY BUCKET

- Tough Waterproof fabric
- 55mm thick closed cell foam in the base of bucket
- Adjustable webbing shoulder strap (adjusts to 115cm)
- Welded seams
- Collapsible when not in use

#### FOAM BLOCK BASE

Foam block base has multiple holes throughout. Each hole is designed to hold excess water from wet wetsuits between surfs. Helps keep your wetty "high n dry"

### COMPACT WETTY BUCKET

AMMC54

#### COLLAPSIBLE WETTY BUCKET TOUGH WATERPROOF FABRIC WITH WELDED SEAMS

- Smaller bucket that still holds large size steamer
- Collapses when not in use

### WETSUIT CHANGE MAT

AMMC22

- Tough, waterproof fabric
- Quick release drawstring / toggle
- Carry / tightening handles
- Stash pocket for sunscreen / fin keys etc.
- Stand inside to prevent sand and dirt messing up your wetty

WETSUIT ACCESSORIES

DRY SEAT COVER

AMMC23

- Designed for use for all watersports
- Tough, waterproof material protects car seats from water, sunscreen, etc
- Install & remove in seconds
- Fits most car / van seats (excludes seats that house air bags)
- Stay warm in your wet gear until you hit the hot shower

QUICK DRY WETSUIT HANGER

AMMC28

- Increased airflow results in a quicker drying time
- Perfect for storage while you're not surfing
- Reduces mould build up

WETSUIT ACCESSORY HANGER

AMMC37

- Increased airflow results in a quicker drying time
- Designed for a pair of boots, gloves and a hood
- Multiple hanging options. Use either the hanging hook or adjustable strap with webbing loop to hang your gear almost anywhere. Optimise drying time, then use the hanger to store everything together in one place

WETSUIT DRYING RACK

AMMC43

- Free standing mobile rack for drying wetsuits, rash shirts and wetsuit accessories
- Perfect for drying your gear if living in apartment style housing or where space is limited.
- Removable wetsuit tray included catches water when drying and also doubles as a wetsuit bucket for car use.
- Max load rating 60kgs

- Rack size
- Height (adjustable): 1600mm - 2000mm
  - Width: 520mm
  - Base: 720mm x 520mm.

Product includes metal rack and waterproof drying bucket. Picture above is to demonstrate use.

## SURF HATS

Sun protection whilst surfing or doing any water sport is a must for us all to limit the damage caused by UV rays. O&E have the largest most extensive range of technical, sun protective surf caps available. Lightweight, quick-dry materials and secure buckle adjustments result in a comfort fit that won't come off whilst surfing.

This product range comes with plastic free packaging.  
Another step in the right direction to help eliminate single use plastic.
