

PLEASE READ

By Lori Aletha

For Everyone who had trouble opening the **Rest of the Stories** last month. Here's what happened.

We changed Carriers for the Newsletter and Glitches happen sometimes. Sorry, it did happen. But I think all has been fixed for this Newsletter. (Don't hesitate to call or let one of us know if you run into a problem again).

Christy is doing a really beautiful job with a New and much Larger Newsletter. And **Diane** has added some Evening Programs we can all enjoy as the days get longer.

I love the New Name she came up with, INNER WISDOM NEWS. We offer many activities to enjoy and to help you grow into Higher Consciousness.

My Spirt Guides who help me with the Newsletter have asked that I make sure you get the link because **they wanted Everyone to have a chance to listen to the Nuns Near Death Story because it had some very Important information for Everyone to know about.** (Here is the Link. In case you haven't read it yet).

Of course, I expect everyone to check with their own Guidance but when news comes through, I believe it is - Always Good to Know what possibly may happen because we can then make better decisions and Don't just React to Fear.

Mother Nature has already brought some huge Storms, and Quakes to our Planet and may not be done yet.

Of Course, we can question her NDE (Near Death Experience). Will the future happen the way she saw it? Maybe. Actually, it is Probable because Most NDE's do seem to come true.

But I do want to Remind you too that many of us have also experienced the **Power of Prayer**. When groups have come together in Prayer things have often changed.

2026 may be a rather disruptive year, but I still get that what they told me last August. It was when I first was told to talk about us having the opportunity to move from 3D (Dimension) behavior into 5D. **It is still expected to happen.** So, Let's Help Make it come True.

Take Time to Visualize that you are living in a Kinder and Nicer World.

See the Hungry and the Homeless getting their lives together so they are Productive and Happy to have Food and a Home again.

See Anger and Wars Simmering Down again. A lot can happen this year.

The Guides said If **just 35%** of us would Dedicate a bit of our Time to Doing this Every Day, **we could help Make it Happen.**

Share this with your Friends and Family if they are open to the idea.

Be Sure to - Keep the Visualization Positive . . .

Make the Pictures in your Mind and your Words too. – **What you really Want.** – **Not,** what you Don't Want. (that's important. Otherwise, it messes up the picture).

They said we already have individuals and small groups doing this, but we do need more to make the impact and make the change.

It's Encouraging to know that we don't have to have Everyone on the Planet agree before it can happen.

In the meantime, this helps change the Vibrations which is important.

Do take time to do the **things you just Enjoy doing.** . . Making something. . . Doing something. . . Playing music. . . Talking to someone special. . . Taking a walk. . . [And most important,](#) Tell the ones you Love that you Love them.

Be the Light you came to be. Much Love, Lori
