

Single K9 Focus Kit

Product Information Sheet

Calm Work Solutions | support@calmworksolutions.com | (919) 439-6208

Product Overview

- **1 Unit (SKU: K9F-001-FOB)**
- **Price:** \$79
- **Description:** An unscented, non-pharmaceutical focus support spray designed for high-stress, fast-paced operational working dog environments. Formulated to support focus in high-stressed workspaces to enhance performance continuity. Supports working dog focus and situational responsiveness across demanding training and field operations. Safe for scent-restricted facilities. Deploys instantly with zero administrative downtime or specialized handler training.
- **Agency Evaluation & Policy Vetting:** Packaged for formal facility evaluation, initial canine program vetting, and local safety compliance testing. The single-unit kit allows canine unit supervisors, head trainers, and facility safety officers to physically verify the completely unscented profile and confirm total compatibility with local scent-restricted workplace policies prior to authorized department-wide deployment.

Key Features & Specifications

- **Focus Support Classification:** Classified as a non-regulated environmental good; requires no medical or veterinary authorization, prescriptions, or specialized clinical training programs.
- **High-Stress Optimization:** Formulated for fast-paced, high-pressure environments.
- **Environmental Conditioning:** Formulated to support ambient environmental stability and behavioral consistency in operational workspaces.
- **Unscented & Policy Safe:** No fragrances; compliant with scent-restricted facilities.
- **Kit Contents:** One 30 mL concentrate + one 4 oz reusable plastic spray bottle.
- **Yield:** Each individual kit provides ~ 30 refills (lasts ~ 4 weeks per kit)
- **Ingredients:** Filtered water, non-GMO vegetable glycerin, proprietary flower essence blend
- **Sourcing:** Made in USA from U.S. suppliers (TAA Compliant)

Mixing Directions & Usage

- **Fill:** 4 oz spray bottle with water, add 1 mL (1 dropperful) concentrate, shake.
- **Mist:** Into air of kennels, handling spaces, vests, patrol vehicles, handler's hands and clothing.
- **Water bowl:** Add 2-3 drops of concentrate to bowl with each refill.
