

K9 Focus Kit-20 Units

Product Information Sheet

Calm Work Solutions | support@calmworksolutions.com | (919) 439-6208

Product Overview

- **20 Units (SKU: K9F-020-FOB)**
- **Price:** \$1,500 (Quantity discount applied; \$75.00/unit vs. \$79.00 Standard List Price)
- **Description:** An unscented, non-pharmaceutical focus support spray designed for high-stress, fast-paced operational working dog environments. Formulated to support focus in high-stressed workspaces to enhance performance continuity. Supports working dog focus and situational responsiveness across demanding training and field operations. Safe for scent-restricted facilities. Deploys instantly with zero administrative downtime or specialized handler training.
- **K9 Section & Patrol Unit Justification:** Scaled for immediate K9 sections, specialized interdiction teams, or localized handler units handling high-tempo operational cadences. This package provides unit supervisors with a standardized, non-disruptive tool to manage working dog focus and handler team consistency during critical operational mission windows, simplifying inventory tracking while cleanly fitting beneath micro-purchase approval caps.

Key Features & Specifications

- **Focus Support Classification:** Classified as a non-regulated environmental good; requires no medical or veterinary authorization, prescriptions, or specialized clinical training programs.
- **High-Stress Optimization:** Formulated for fast-paced, high-pressure environments.
- **Environmental Conditioning:** Formulated to support ambient environmental stability and behavioral consistency in operational workspaces.
- **Unscented & Policy Safe:** No fragrances; compliant with scent-restricted facilities.
- **Kit Contents:** Twenty 30 mL concentrates + twenty 4 oz reusable plastic spray bottles.
- **Yield:** Each individual kit provides ~ 30 refills (lasts ~ 4 weeks per kit)
- **Ingredients:** Filtered water, non-GMO vegetable glycerin, proprietary flower essence blend
- **Sourcing:** Made in USA from U.S. suppliers (TAA Compliant)

Mixing Directions & Usage

- **Fill:** 4 oz spray bottle with water, add 1 mL (1 dropperful) concentrate, shake.
- **Mist:** Into air of kennels, handling spaces, vests, patrol vehicles, handler's hands and clothing.
- **Water bowl:** Add 2-3 drops of concentrate to bowl with each refill.
