Calm Work Solutions

Pilot Study Results

Five-week internal pilot study (n=10). Change in group average score from baseline at week 5:

- Sleeping better: 57%*
- Focusing more: 38%*
- Relaxing more: 32%*
- Making better decisions: 30%

*1st week results lasting through week 5
Self-reported survey at baseline, week 1, and week 5.
Preliminary, non-clinical results.

DIFFERENTIATORS

- **Supports Officer Retention:** Helps officers manage daily stress with no opt-in, training, or time away from screening.
- **K9 Team Support:** Water-bowl drops and spray for kennels, vehicles, and gear.
- **Pilot-Ready:** Small-run orders available for single-airport evaluation before broader deployment.
- **Simple to Buy:** Single kits or 20, 120, and 200-kit tiers for officer and K9 kits. Micro-purchase eligible, GPC accepted, no contract vehicle required.

TSA Officer & K9 Operational Focus

Calm Work Solutions is a North Carolina, woman-owned small business supplying drug-free, unscented, non-pharmacological flower essence formulations that support focus, composure, and stress recovery for transportation security officers and canine teams. Misting checkpoint break rooms, coordination centers, and shared workspaces supports officers through high-volume shifts and helps retain experienced personnel by easing the stress that leads to burnout and turnover. K9 kits support explosives detection canine teams. Hypoallergenic and non-irritating. SDS available on request. **Solution 100% made in the USA.**

CORE COMPETENCIES

- **Role-Specific Formulation:** Custom blends matched to the stressors of checkpoint, operations, and mission-support roles.
- **Fragrance-Free Formulation:** Blends made without added scent, so they fit passenger-facing areas and scent-sensitive policies.
- **Scalable Fulfillment:** Orders up to 750 units ship in 5 to 7 business days, with contract manufacturing relationships for larger multi-site orders.
